April 11, 2016

RE: New hospital construction on the campus of Legacy Meridian Park Medical Center

Dear Neighbors:

You are cordially invited to attend a meeting on April 25, 2016, at 5 p.m. at Legacy Meridian Park Medical Center in the Community Health Education Center room 104. This meeting shall be held to discuss a proposed project located on the campus of Legacy Meridian Park Medical Center, 19300 S.W. 65th Ave., Tualatin, OR 97062.

Meridian Park Medical Center is in need of replacement beds in the current hospital. Existing patient rooms and support areas are approximately half the size of current industry standards. This project will decommission existing hospital beds and relocate them into a new wing of the hospital. The hospital is proposing to locate a new wing in the existing parking lot in front of the current main and north entrance. The new wing will be four stories tall and contain approximately 160,000 square feet. The new wing will contain a new entry, lobby, check-in area, (96) patient beds and shelved space for future hospital development. An additional 240 parking spaces will be added to the campus to accommodate parking needs.

The purpose of this meeting is to provide a means for the applicant and surrounding property owners to meet, discuss and identify any issues regarding this proposal.

Best Regards,

Allyson Anderson
Chief Administrative Officer
Legacy Meridian Park Medical Center
