TUALATIN CITY COUNCIL
AND
TUALATIN DEVELOPMENT COMMISSION

Monday, December 13, 2010

Digitally signed by Maureen Smith

City Council Chambers
18880 SW Martinazzi Avenue, Tualatin, Oregon

WORK SESSION begins at 5:00 p.m.

REGULAR MEETING begins at 7:00 p.m.

Mayor Lou Ogden

Council President Chris Barhyte
Councilor Monique Beikman
Councilor Joelle Davis
Councilor Jay Harris
Councilor Donna Maddux
Councilor Ed Truax

WELCOME! By your presence in the City Council Chambers, you are participating in the process of representative government. To encourage that participation, the City Council has specified a time for citizen comments on its agenda – Item C, following Presentations, at which time citizens may address the Council concerning any item not on the agenda, with each speaker limited to three minutes, unless the time limit is extended by the Mayor with the consent of the Council.

Copies of staff reports or other written documentation relating to each item of business referred to on this agenda are available for review on the world wide web at www.ci.tualatin.or.us, at the Library located at 18878 SW Martinazzi Avenue, and are also on file in the Office of the City Manager for public inspection. Any person who has any question concerning any agenda item may call Administration at 503.691.3011 to make an inquiry concerning the nature of the item described on the agenda.

In compliance with the Americans With Disabilities Act, if you need special assistance to participate in this meeting, you should contact Administration at 503.691.3011. Notification thirty-six (36) hours prior to the meeting will enable the City to make reasonable arrangements to assure accessibility to this meeting.

Council meetings are televised "live" on the day of the meeting on Washington County Cable Access Channel 28. The replay schedule for Council meetings can be found at www.tvctv.org.

Your City government welcomes your interest and hopes you will attend the City of Tualatin City Council meetings often.

- SEE ATTACHED AGENDA -

PROCESS FOR LEGISLATIVE PUBLIC HEARINGS

A "legislative" public hearing is typically held on matters which affect the general welfare of the entire City rather than a specific piece of property.

1. The Mayor opens the public hearing and identifies the subject.
2. A staff member presents the staff report.
3. Public testimony is taken.
4. The Council then asks questions of staff, the applicant or any member of the public who testified.
5. When the Council has finished its questions, the Mayor closes the public hearing.
6. When the public hearing is closed, Council will then deliberate to a decision and a motion will be made to either approve, deny, or "continue" the public hearing.

PROCESS FOR QUASI-JUDICIAL PUBLIC HEARINGS

A "quasi-judicial" public hearing is typically held for annexations, planning district changes, variances, conditional use permits, comprehensive plan changes, and appeals from subdivisions, partitions and architectural review.

1. The Mayor opens the public hearing and identifies the case to be considered.
2. A staff member presents the staff report to the Council.
3. Public testimony is taken:
    a) In support of the application
    b) In opposition or neutral
4. The Council then asks questions of staff, the applicant or any member of the public who testified.
5. When the Council has finished its questions, the Mayor closes the public hearing.
6. When the public hearing is closed, Council will then deliberate to a decision and a motion will be made to either approve, approve with conditions or deny the application, or "continue" the public hearing.

TIME LIMITS FOR PUBLIC HEARINGS

The purpose of time limits on public hearing testimony is to provide all interested persons with an adequate opportunity to present and respond to testimony. All persons providing testimony **shall be limited to 3 minutes**, subject to the right of the Mayor to amend or waive the time limits.

EXECUTIVE SESSION INFORMATION

Executive session is a portion of the Council meeting that is closed to the public to allow the Council to discuss certain confidential matters. No decisions are made in Executive Session. The City Council must return to the public session before taking final action.

The City Council may go into Executive Session under the following statutory provisions to consider or discuss: *ORS 192.660(2)(a)* the employment of personnel; ORS *192.660(2)(b)* the dismissal or discipline of personnel; *ORS 192.660(2)(d)* labor relations; *ORS 192.660(2)(e)* real property transactions; *ORS 192.660(2)(f)* non-public information or records; *ORS 192.660(2)(g)* matters of commerce in which the Council is in competition with other governing bodies; *ORS 192.660(2)(h)* current and pending litigation issues; *ORS 192.660(2)(i)* employee performance; *ORS 192.660(2)(j)* investments; or *ORS 92.660(2)(m)* security issues. **All discussions within this session are confidential**. Therefore, nothing from this meeting may be disclosed by those present. News media representatives are allowed to attend this session (unless it involves labor relations), but shall not disclose any information discussed during this session.

Submitted by Kathy Newcomb under Citizen Comments" at the December 13, 2010 mtg.

To the Tualatin City Council, Monday, December 13, 2010, for Public Comment
Part one of two parts.

SPECIAL REQUEST:

Here is a special request for you, the Tualatin City Council.

Could you please, as a Council, accept this material, and review it together, perhaps during a January Work Session of the Council? The information is allied to the upcoming March election for the Charter Amendment to Protect Tualatin Parks, and to some related questions by various utilities we have interviewed recently. The utilities include PGE, Clean Water Services, NW Natural, and Comcast (and also briefly, Frontier).

WHY IS THIS REQUEST COMING TO YOU?

It is important for businesses to have reliability and predictability for their future planning. ***The Council could help the utilities by considering their concerns, on a preliminary basis, after a review of the circumstances listed below. These concerns are generally speaking provided for by the last sentence of Section 49.***

Before or after the election March 8, 2011, the city could prepare ordinances or other "adopted" management procedures to provide backup details for the Charter Amendment. "Adopted" means that the council has voted approval of the ordinances or other documents. In any case, we feel confident that adopted language could be crafted after the election to satisfy all concerns of the utilities, consistent with the intent of the Charter Amendment. *Some of the utilities have offered help reviewing or crafting ordinances.*

INDEX to this REPORT

A. Noteworthy features of the Charter Amendment, to Protect Tualatin Parks, to be voted on in the March 8, 2011 election.

(Included: Summary. Examples of Major Uses. Other Examples of Uses.
Specific Concerns Listed by Utilities.
Explanation about "Adopted" Agreements and an "Overriding" Sentence.

Also: Underground Policy.)

B. Choice of elections & costs for possible City of Tualatin elections.

C. The preservation of historical, cultural or greenway resources

****

A. Noteworthy features of the Charter Amendment to Protect Tualatin Parks, to be voted on in the March 8, 2011 election

B.

* Asterisks and numbers refer to quotations from the Charter Amendment at the end of this section A.

Summary:

1. **The Amendment will give Tualatin voters the Right to Support or Oppose Major Non-Park Uses of Tualatin's Parklands**.(*1) (These parklands are all shown on a map available from the Parks Department. The same parklands are listed within the Charter Amendment.)
2. *The Charter Amendment applies only to above-ground uses of the parklands. (*2)*
3. *The Charter Amendment does not apply to:*
    a. *Below-ground uses of the parklands.**
    b. *Minor non-park uses.* Also see photos provided by at least one utility.*
    c. *Existing uses of the parklands.**

Examples of Major Uses:

a. The $95-million and/or $44.9 million proposed arterial over the park. (Now canceled.)
b. The completed sewage pumping station. (However, please note: As an offset, Clean Water Services provided $1.4 million contribution for park uses).
c. Proposals for future arterials over Community Park or park wetland property.
d. Transmission lines, also known as high-voltage lines. (Above 35,000 volts.) This appears to be an area of agreement where no one wants such lines through the parks. Please review PGE's specific concerns below.

Other Examples of Uses: See "Specific Concerns," major and minor, listed next.

It is important to *recognize that below-ground uses are generally not subject to the Charter Amendment, unless the use "affects or limits above-ground park uses."*

Specific Concerns Listed by Utilities:

a. **PGE – Three Concerns**

(A MAJOR CONCERN) 1. "Define the terms "utility facilities" and "power lines" to only include those electric facilities that are use for or in connection with the transmission of electric energy at nominal voltages in excess of 35,000 volts." (There is general agreement about these high-voltage transmission lines.)
(For the following lesser concerns, please note that emergency or expanded facilities for PGE and others are already subject to the franchises or IGA agreements.)
2. "Permit the construction and use of temporary utility facilities in a city park in the event of an emergency."
3. Permit PGE to maintain and upgrade utility facilities located in a city park in the normal course of business.
(Also see "Underground Policy" comments below.)

b. **Clean Water Services**

1. (MINOR CONCERNS). "Manhole covers and portions of manholes above ground. Pressure relief valves on force mains. Utility vaults, valves. And stormwater grates and catch basins."

2. "Improving stormwater treatment," "Below ground facilities may have limits on above ground uses," and "Expansion/Upgrade of existing facilities…". All of these issues are subject to the Intergovernmental Agreement, as noted in Charter Amendment, Section 49, last sentence.
3. Other concern expressed: Could the required vote delay and add costs to capital projects? (Their concerns were considerably allayed by the knowledge that Clean Water Services qualifies primarily as an underground user with relatively minor exceptions. Also, for scheduling purposes, it was helpful for CWS to be aware that the City of Tualatin would prefer naturally to use the lowest cost elections available within the regular schedule. In addition, the city routinely plans ahead for scheduling changes. Also see Section B below.)

c. **NW Natural**

NW Natural has provided maps and also photos of their typical minor facilities, and we will make some copies of the photos for you later. (The city may have received copies also.)

NW Natural will also be sharing information from their attorneys which will be provided to us (and we assume to the city) when complete.

Explanation about "ADOPTED" AGREEMENTS; and an "OVERRIDING" SENTENCE:
Franchise and IGA agreements ("adopted" by the city council) are in place for about ten years and are routinely renewed. **The franchise and IGA agreements are protected in the Charter Amendment by an "overriding" sentence at the end of Section 49.**

This "overriding" sentence does not provide for any limitation of the "adopted" park management and operations to the current 10-year franchise agreements or intergovernmental agreement time frames. **In other words the "overriding" sentence allows continuous renewal of these agreements, under the jurisdiction of the Tualatin City Council.**

(*) CHARTER AMENDMENT REFERENCES
FOR STARRED STATEMENTS ABOVE

(*1) The Amendment will give Tualatin voters the Right to Support or Oppose Major Non-Park Uses of Tualatin's Parklands.
See Section 47. Line 1. Section 48 (b). Section 49 (c).

(*2) The Charter Amendment applies only to above-ground uses of the parklands.
See Section 49 (b). Section 49 (d).

(*3) The Charter Amendment in general *does not apply to:*
a. *Below-ground uses of the parklands.*
Section 49 (b). Section 49 (d) in most cases.
Also see overriding sentence -- Section 49, last sentence.
Also Section 49 (d), second sentence.
b. Minor non-park uses. Not included in Section 47 or 48 (b).
c. Existing uses of the parklands. See Section 49 (d), last sentence, related to "existing" uses of the parklands.
d. "additions or alterations," from Section 49 (d), last sentence. See overriding sentence Section 49, last sentence.

e. NOTE: **Always see the "overriding" sentence at the end of Section 49, regarding control by "adopted" park management and operations. "Adopted" as used by the city of Tualatin refers to any ordinances or other procedures "adopted" by a vote of the City Council.**

Again please note: This same "overriding" sentence also does not limit the "adopted" park management and operations to the current 10-year franchise agreements or intergovernmental agreement time frames. In other words the "overriding" sentence allows continuous renewal of these agreement under the jurisdiction of the Tualatin City Council, as described in the franchise

and IGA agreements.

UNDERGROUND POLICY:
Re PGE: We understand that PGE would prefer its lines to be underground, although PGE is neutral on the subject and is accepting of city policy. (Any additional use of parkland would be comparable to the use of private land, with the city as the owner. The franchise agreement sets out procedures for the city council to follow is such cases.)
Re CITY OF TUALATIN: On November 22, 2010, a work session discussion continued about the undergrounding of certain public utilities. This has been discussed for some years, primarily related to PGE lines along with telephone and cable lines.

B. CHOICE OF ELECTIONS & COSTS FOR POSSIBLE CITY OF TUALATIN ELECTIONS.

If an election should be scheduled related to Major, Non-Park Above-Ground Uses, the likely election planning would almost surely be part of a long-range plan, providing sufficient notice to utilities for planning purposes. In addition the city's time choices might be as follows next. (This information is especially of interest to Clean Water Services, which has a three-year timeline for construction, with a limited construction season of June to October.)

Possible first choice: May or November of Even-Numbered Years. **There are no county elections department charges to the city of Tualatin for these elections.**

Second choice: May of Odd-Numbered Years: Commonly selected by special districts. Shared costs generally mean reduced county costs. (According to the county elections manager, new legislation makes this choice somewhat less predictable than before.)

Third choices: March and September, available every year; usually one or at most two cities participate; costs up to $20,000.

C. THE PRESERVATION OF HISTORICAL, CULTURAL OR GREENWAY RESOURCES

There have been some questions about the preservation of historical, cultural or greenway resources as described in the Charter Amendment to preserve our parks. The specific parks, natural areas and greenways are all listed within Section 50.

Please also read the attached description of these resources by a fifth-generation Tualatin resident. See also a reference to the Municipal Code about the same issues

****

The utilities were interviewed by phone or in meetings by Reba Tobey and Kathy Newcomb, both Tualatin residents. Reba is one of the top two signature collectors for the Charter Amendment to protect the parks. Kathy is one of three chief petitioners for the initiative. We may be receiving additional information, etc., and will provide this to you as Part 2, through the normal city communication channels. Write-up prepared by KN; copies to be provided to utilities also..

Cultural heritage consists of the resources remaining from the past that evidence the passage of man through history. Loyce Martinazzi co-authored the book, Tualatin....From the Beginning. She wrote about the 3 cultures in Tualatin, Native American, Pioneers, and the farming community. The city has showcased all three cultures in its park system. We should continue educating the public about the rich history of Tualatin.

Native American focus includes Atfalati park and Indian Meadows Greenway. Ki-a-Kuts, an Atfaliti leader, is honored with the Pedestrian bridge in the community park, symbolically linking 3 parks.

Pioneers are recognized for their contributions, Brown's Ferry Park, Sweek pond natural area, Sweek woods and Hedges Creek. A good example of a cultural resource is Browns' Ferry Park with its focus on the early history of the area. Displays in the parks describe the park name, the river, and and ~~nearby features~~ natural areas. In Indian Meadows there is a description of Boones Ferry road's history.

The farming community is included in parks, natural areas, greenways named after families who farmed the land: Ibach, Jurgens, Lafky, Saarinen, Nyberg, and Saums.

Planting trees in Atfaliti and Jurgens parks honors families who built the past and who live here now.

The Lafky-Martinazzi Award was given to the city by the Historical Society in 1996 for creatively incorporating events in Tualatin's history in the design of Atfaliti, Ibach and Brown's Ferry Parks and the Tualatin Commons. In this way the city is encouraging awareness and appreciation of Tualatin's unique heritage.

According to the Municipal Code, naming city park properties, amenities, or facilities takes into consideration historical significance, geographical identifiers, and natural characteristics, including flora and fauna that are characteristic of the Tualatin area.

I think the city has done a fine job of making history come alive in our parks. The charter amendment contains language about history and culture because it is an important attribute of our existing park system.

TUALATIN CITY COUNCIL WORK SESSION MINUTES OF NOVEMBER 22, 2010

PRESENT: Mayor Lou Ogden; Councilors Chris Barhyte, Monique Beikman, Joelle Davis, Jay Harris, and Ed Truax, Councilor-elect Frank Bubenik; Sherilyn Lombos, City Manager; Mike McKillip, City Engineer; Kent Barker, Police Chief; Paul Hennon, Community Services Director; Don Hudson, Finance Director; Dan Boss, Operations Director; Aquilla Hurd-Ravich, Acting Planning Manager; Kaaren Hofmann, Civil Engineer; Ben Bryant; Maureen Smith, Recording Secretary

ABSENT: Councilor Donna Maddux* *[* denotes excused]*

[Unless otherwise noted, MOTION CARRIED indicates all in favor.]

A. CALL TO ORDER

Mayor Ogden called the work session to order at 5:00 p.m. and Council went immediately into Executive Session pursuant to ORS 192.660(2)(h) to discuss current and pending litigation.

(Council resumed regular work session at 5:22 p.m.)

B. PRESENTATIONS, ANNOUNCEMENTS, SPECIAL REPORTS

1. *Transportation Priorities*
   City Engineer McKillip presented information on preparation of materials for projects to receive federal funding through reauthorizations and appropriations process. The process for identifying projects is starting earlier with criteria that includes projects must be able to be "obligated" by the end of FY2012. Tualatin does not currently have any identified projects that could meet the "obligated" criteria. Council discussed looking at advocating for a project on last year's list. If there are no "priorities" it consensus was to to move forward with support of the Wilsonville "project" unless there is something that comes up in Washington County to support.

2. *Allocation of Funds to Outside Agencies*
   City Manager Lombos presented information on the allocation of funds to outside agencies, and noted $15,000 is allocated in the budget for these requests. An additional request was received this year from the Washington County Bicycle Coalition, for a total of $20,500 requested from all agencies that submitted a request. Brief discussion followed and Council consensus of all present was to proceed with the same amount of disbursement as was done last year.

3. *Utility Undergrounding*
City Engineer Mike McKillip gave a PowerPoint presentation and displayed a map that indicated where overhead lines are located in the City. Costs were reviewed of what it would entail to underground all utility lines of the approximately 29 miles of above-ground lines currently in the city. Also reviewed some information on ordinances from other cities on their process with regards to undergrounding. How funding could be done to pay for undergrounding was also reviewed and City Engineer McKillip reviewed how it could proceed with planning for conversion of the Stafford Basin, Basalt Creek and Southwest Concept Plan areas, developing code language to require undergrounding as part of development, and to consider the costs as part of all city projects.

Discussion followed. City Engineer McKillip said it gets prohibitively expensive to underground. Asked and answered that redevelopment doesn't require undergrounding from property to the street. Discussion of whether Council wants to require undergrounding of *existing* lines, and also about addressing the Basalt Creek, and other project areas.

Council continued with discussion on whether to require existing lines undergrounded, and if so at what cost to the community. After discussion, Council asked staff to take a look at other cities and their process and the what they are charging for undergrounding.

Staff will return with more information at a future work session.

A. CALL TO ORDER

Mayor Ogden called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was led by Councilor Harris.

B. PRESENTATIONS, ANNOUNCEMENTS, SPECIAL REPORTS

1. Proclamation Declaring the Week of December 6 – 12, 2010 as *"Human Rights Week"* and December 10, 2010 as "*Human Rights Day*" in the City of Tualatin
   - *Presented by Human Rights Council Representative Chair Alfonso Lopez-Vasquez*

   Human Rights Council Representative Alfonso Lopez-Vasquez was present and gave a brief background on the Council's mission and establishment in 2006. Mr. Lopez-Vasquez noted other cities in Washington County will be adopting similar proclamations, and welcomed Council's support in promoting human rights. Councilor Davis said she has been a member of the Human Rights Council since 2008, and there has been a number of activities and outreach that has been done.

   Councilor Davis read the proclamation declaring December 6 – 12, 2010 as "Human Rights Week" and December 10, 2010 as "Human Rights Day" in the City of Tualatin.

2. *Starry Nights and Holiday Lights Presentation – Carl Switzer, Community Services*
   Parks and Recreation Manager Carl Switzer was present to invite Council and community to attend the Starry Nights and Holiday Lights event on December 3, 2010 at 5:30 p.m. on the Commons. Council President Chris Barhyte will be officiated the lighting the holiday tree. Parks and Recreation Manager Switzer said it is a great opportunity for the community to come together and have a good time.

3. *Photo Red Light Presentation – Avery & Tualatin-Sherwood Road – Police Chief Barker*
   Police Chief Kent Barker gave an update and presented a PowerPoint on the photo red light program, and reviewed some of the "myths" associated with photo red light. Chief Barker also explained how the choice was made on the two intersections that were chosen to have photo red light installed. The first installation is at Tualatin-Sherwood Road and SW Avery, which has been operating since the first of November. The other installation is at Lower Boones

red light installed. The first installation is at Tualatin-Sherwood Road and SW Avery, which has been operating since the first of November. The other installation is at Lower Boones Ferry Road at 72nd Avenue. Chief Barker will come back before Council when the second photo red light is installed.

MOTION CARRIED.

E. PUBLIC HEARINGS – *Legislative or Other*

1. Public Hearing to Consider an Ordinance relating to Conditional and Permitted Uses in Residential Planning Districts, and Amending the TDC 31.060, 35.030, 40.015, 40.020, 40.030, 41.020, and 41.030 (PTA-09-09)

Mayor Ogden opened the public hearing.

Associate Planner Will Harper presented the staff report and entered the entire staff report, including the attachments relating to public comments, into the record. This amendment began last year, and arose out of Council's concerns of the appropriateness of certain conditional uses in residential areas. Five work sessions were held reviewing the current uses and what has been changed/modified as proposed by Council review.

Associate Planner Harper reviewed the conditional uses remaining for discussion. Parks and playground/recreational buildings would be changed to a permitted use. Nursing homes would be removed from residential and permitted in multi-family residential. Another category of uses that will be removed are "cemeteries, etc. that will no longer would be listed as allowed conditional uses in the Tualatin Development Code (TDC). Associate Planner Harper said schools will be expanded, along with churches, and "country club". Also there is reduction of building heights from 75 feet to a maximum of 50 feet. Also noted in Attachment F is a number of comments received on the proposed changes. The Tualatin Planning Advisory Committee (TPAC) also reviewed and recommended Council approve the list as presented, with the exception of non-conforming uses.

Staff recommends Council consider the staff report and proposed language and supporting analysis and findings, and provide comment and direction.

PROPONENTS

Eric Barber, 6050 SW Port Orford Street, Tualatin, OR, is a proponent because of the proposed building height maximum of 50 feet. He lives in Sequoia Ridge Subdivision directly across from Meridian Park Hospital, which is in the process of a land use amendment that includes increased building height.

Todd Allison, 5753 SW Joshua Street, Tualatin, OR, voiced his opinion in support of the amendment, and said while he knows it is difficult to bring the Development Code up to modern-day guidelines, appreciated the challenge and efforts of the task of doing so.

OPPONENTS

Tom Miller, 17340 SW Cheyenne Way, Tualatin, OR, said his parcel of property he owns is in the floodplain and floodway and surrounded by agricultural uses. During the time he has owned property he has enhanced the wetlands portion of the land. He purchased the property based on being able to use it for agricultural use, which would change with this proposal. Without the option of a conditional use permit, the property becomes unusable, and Mr. Miller noted his opposition, and if it is approved asked that the property be "grandfathered-in".

John Karsseboom, 21550 SW 108th Avenue, Tualatin, OR, owns the Garden Corner Nursery, which is a retail nursery, currently located in unincorporated Washington County. His issue with this proposed change is if it will become a problem in the future for the nursery. By taking the use out essentially eliminates the chance of having a retail nursery in the City of Tualatin.

Bob Bosak, 10605 SW Hazelbrook Road, Tualatin, OR, thanked Council for their service, and read a letter for the record from the Hazelbrook Neighborhood Association, opposing the proposed change. Their area of concern is having livestock, with much of the land in this area in the floodplain. They are proposing the properties north of Hazelbrook Road between Tualatin Country Club on the east and Highway 99W on the west be "grandfathered in". It was asked of which properties (of those) that signed the letter are in the city limits and which are not, that are being used for agricultural uses.

Jim Zupancic, 5960 SW Nyberg Lane, Tualatin, OR, as landowner of a project "Stafford Hills" Racquet Club, said it appears with this change his property would become non-conforming. Mr. Zupancic said he also owns additional property in the area that only a portion is developable. And while he understands, and is working within the constraints of what was approved by the Council for their development, he wants to be treated as everyone else. Other have testified to have their property "grandfathered in" if Council chooses to move forward, and asked that Council adopt the Tualatin Planning Advisory Committee (TPAC) recommendation of grandfathering in established conditional uses.

Linda Moholt, Tualatin Chamber of Commerce, 18791 SW Martinazzi Avenue, Tualatin, OR, said she is in support of those that have testified. She believes Tualatin has diversity and suggested grandfathering in those existing businesses, and allowing flexibility in the Development Code to account for the future.

Bonnie Peterson, 10155 SW Jurgens Lane, Tualatin, OR, noted although she is outside the city limits, also signed the letter from Hazelbrook Neighborhood Association, and supports the grandfathering in of the area north of Hazelbrook. Ms. Peterson said if she were to annex into the City, she would not be able to have her subsistence farm, and is taking away

property rights by proceeding with this amendment. She said there is historical precedence and gave additional reasons and encouraged Council to take that into consideration.

Chloe ??, said her concern is to address some of the proposed language, and said property owners may need to adjust the opportunity, such as being able to "rent" goats to clear their land. Regarding chickens and salmonella, healthy chickens do not acquire salmonella, and while there is a need to have certain restrictions in place, this amendment would remove the ability and right to raise chickens, which seems to her to be an abridgement of freedom, and suggested it be allowed legally to have chickens.

COUNCIL DISCUSSION

Council President Barhyte mentioned when this was originally brought up over a year ago, his understanding was there wasn't any issues with the "hatched" areas referenced on the map. Associate Planner Harper explained that none of those properties have a conditional use permit to have livestock, prior to annexation were having livestock, and after annexation were allowed to continue with the use, without a condition use. It was asked about the Peterson property if annexed, would be required to hook up to sewer system.

It was asked and discussed if a property when annexed had an illegal use, how would it be dealt with. It was also asked about the process of when a property were to annex into the city, would the property owner be required to pay for a conditional use permit. It was explained that a legal non-conforming use runs with the land.

Continued discussion of how the process would work if the amendment were approved. Also explained about the annex process and how the annexation criteria is addressed.

Ms. Peterson spoke again and wanted to clarify in speaking with her neighbors, three of them are located in the City, and one currently is not using as livestock. If not used for a time and a property owners then sells questioned what would happen.

A break was taken from 8:49 p.m. to 9:03 p.m.

It was asked if Clean Water Service (CWS) allows for repair on property where a septic tank were to fail. City Engineer McKillip said CWS would allow for repair without annexing into the City, although he has not researched recently.

Mayor Ogden closed the oral testimony portion of the hearing.

COUNCIL DELIBERATION

MOTION by Councilor Barhyte, SECONDED by Councilor Harris, to adopt the staff report, with the following two changes – to allow private clubs if the conditional use permit was issued before December 22, 2010, and keep the current language of TDC Chapter 40.030, Section (4)(m), with a modification of the map, to reflect what's on the eastside of Interstate 5.

MOTION RESTATED by Councilor Barhyte, to add Section M, back in the language, modify the Community Plan Map, and create a section to allow private clubs if the conditional use permit was issued before December 22, 2010.

Discussion on Motion

FRIENDLY AMENDMENT by Councilor Davis to keep Section (4)(g), *Retail*

Nursery in the current language. Council President Barhyte commented he is not certain how to address a property that is not currently inside the city limits.

Councilor Harris said he doesn't have a problem keeping "retail nursery" in the current language.

Mayor Ogden commented there should be consistency with the approach to how conditional uses are addressed.

Councilor Beikman asked if it would be better served cost-wise if Garden Corner were to annex into the City or to use the conditional use process. Associate Planner Harper said the property would have to be brought in as residential and then apply for a Plan Map Amendment.

Council President Barhyte noted he will vote for the friendly amendment but shares Mayor Ogden's concern.

MOTION CARRIED. *[Vote: 5-1-1; YES – Ogden, Barhyte, Beikman, Davis, Harris; NO – Truax; ABSENT – Maddux]*

F. PUBLIC HEARINGS – *Quasi-Judicial*
None.

G. GENERAL BUSINESS
Items G-1, G-2, G-3 and G-4 were placed on the Consent Agenda by Council at Work Session.

H. ITEMS REMOVED FROM CONSENT AGENDA
Items removed from the Consent Agenda will be discussed individually at this time. The Mayor may impose a time limit on speakers addressing these issues.

I. EXECUTIVE SESSION
Mayor Ogden noted an executive session pursuant to ORS 192.660 (2)(h) to discuss current and pending litigation was held during the work session.

J. COMMUNICATIONS FROM COUNCILORS
None.

K. ADJOURNMENT
MOTION by Councilor Harris, SECONDED by Councilor Barhyte to adjourn the meeting at 9:28 p.m. MOTION CARRIED.

STAFF REPORT
CITY OF TUALATIN

TO: Honorable Mayor and Members of the City Council

THROUGH: Sherilyn Lombos, City Manager

FROM: Paul Hennon, Community Services Director

Becky Savino, Program Coordinator

DATE: December 13, 2010

SUBJECT: FISCAL YEAR 09/10 PARKS SYSTEM DEVELOPMENT CHARGE (SDC) ANNUAL REPORT

ISSUE BEFORE THE COUNCIL:
The Council will review the FY 09/10 Parks System Development Charge (Parks SDC) report and consider staff recommendations.

RECOMMENDATION:

- Staff respectfully recommends that Council accept the attached report including the recommendation that the Community Services Director continue to monitor issues that may arise and review their impact on the Parks SDC legislation or fee, and update the Parks and Recreation Master Plan as soon as is practical.

- No changes to the SDC ordinance or Park SDC methods, procedures, or fees are recommended at this time.

EXECUTIVE SUMMARY:

- Council established the current Parks SDC by adopting Ordinance 833-91 in 1991. The attached report fulfills the requirement of ORS 223.311 to provide an annual accounting of the Parks SDC and to recommend any changes to the SDC ordinance.

- In FY 2009/2010, $43,449.34 was collected, including $42,209.00 in Parks SDC fees and $1,240.34 in interest. No credits or installment payments were authorized.

- Expenditures on qualified parks system improvements totaled $219,278.60. The specific improvements are listed on page 2 of the attached report.

FINANCIAL IMPLICATIONS:
The Parks SDC beginning fund balance, revenues and expenditures are budgeted in the Park Development Fund (Fund 36).

PARKS SYSTEM DEVELOPMENT CHARGE (Parks SDC)
ANNUAL REPORT FY 09/10

Introduction

The Parks System Development Charge (Parks SDC) consists of an "improvement fee" that covers the cost of new capacity to meet the demands of new development, based on adopted standards and a capital improvement list. The Parks SDC does not include a "reimbursement fee" since the park system does not include any excess capacity that would be used by new development. The fee is charged per new residential dwelling unit.

Council approved the original Parks SDC in 1984 by adoption of Ordinance 655-84. In 1989 the Legislature enacted House Bill 3224 requiring local governments to meet specific statutory requirements and that system development charges be based upon past and future capital improvements to the system for which it is being collected. In 1991, Council adopted Ordinance 833-91 to repeal the original ordinance and bring the City in compliance with ORS 223.297 through 223.314 (System Development Charges). The fee established in the new ordinance went into effect on July I, 1991.

In January 2004, Council authorized two actions affecting the Parks SDC. First, by adoption of Resolution 4192-04, the 1991 fee was adjusted to present value by applying an adjustment factor consisting of indexes for both land and construction. The second action taken by Council in January 2004, by adoption of Ordinance 1154-04, was to establish an annual adjustment factor indexing both land and construction costs to enable the Parks SDC to have the purchasing power to pay for park projects it is intended to fund. These changes have been incorporated into the Tualatin Municipal Code, Chapter 2-6, System Development Charges.

Purpose

The purpose of this report is to fulfill the requirements of ORS 223.311, which requires an annual accounting of Park SDC's be performed, and to recommend any changes in the Parks SDC as adopted by the City of Tualatin.

Revenue

During the period covered by this report (July 1, 2009 to June 30, 2010), the City of Tualatin collected $43,449.34 in Parks SDC fees and interest on the fee income ($42,209.00 in fees and $1,240.34 in interest).

Credits

No credits were authorized.

Installment Payment Agreements

No installment payment agreements were authorized.

Expenditures

Parks SDC funds were used in the following projects in FY 09/10.

Project Description	Parks SDC Amount
1. Van Rijn property holding costs	3,237.12
2. Tualatin River Greenway Trail connection at Community Park	
a. North parking lot to Ki-a-Kuts Bicycle and Pedestrian Bridge	198,811.48
3. Reimbursement to General Fund	17,230.00
Total Expenditures	**219,278.60**

Recommendation

It is recommended the Community Services Director continue to monitor issues that may arise and review their impact on the Parks SDC legislation or fee, and update the Parks and Recreation Master Plan as soon as is practical.

No changes to the methodology, procedures, or fees for the Parks SDC are recommended at this time.

TO: Honorable Mayor and Members of the City Council

FROM: Sherilyn Lombos, City Manager

DATE: December 13, 2010

SUBJECT: APPROVAL OF A NEW LIQUOR LICENSE APPLICATION FOR ROXY'S ISLAND GRILL

ISSUE BEFORE THE COUNCIL:
The issue before the Council is to approve a new liquor license application for Roxy's Island Grill.

RECOMMENDATION:
Staff respectfully recommends that the Council approve endorsement of the liquor license application for Roxy's Island Grill.

EXECUTIVE SUMMARY:
Roxy's Island Grill has submitted a new liquor license application for Limited On-Premises Sales. The business is located at 8290 SW Nyberg Street. The application is in accordance with provisions of Ordinance No. 680-85 which established a procedure for review of liquor licenses by the Council.

Ordinance No. 680-85 establishes procedures for liquor license applicants. Applicants are required to fill out a City application form, from which a review by the Police Department is conducted, according to standards and criteria established in Section 6 of the ordinance. The Police Department has reviewed and signed off on this application.

According to the provisions of Section 5 of Ordinance No. 680-85 a member of the Council or the public may request a public hearing on any of the liquor license requests. If such a public hearing request is made, a hearing will be scheduled and held on the license. It is important that any request for such a hearing include reasons for said hearing.

FINANCIAL IMPLICATIONS:
A fee has been paid by the applicant.

STAFF REPORT
CITY OF TUALATIN

TO: Honorable Mayor and Members of the City Council

FROM: Sherilyn Lombos, City Manager

DATE: December 13, 2010

SUBJECT: APPROVAL OF A CHANGE OF OWNERSHIP LIQUOR LICENSE APPLICATION FOR BUSHWHACKERS

ISSUE BEFORE THE COUNCIL:
The issue before the Council is to approve a change of ownership liquor license application for Bushwhackers.

RECOMMENDATION:
Staff respectfully recommends that the Council approve endorsement of the liquor license application for Bushwhackers.

EXECUTIVE SUMMARY:
Bushwhackers has submitted a change of ownership liquor license application for Commercial Establishment, Full On-Premises Sales. The business is located at 8200 SW Tonka. The application is in accordance with provisions of Ordinance No. 680-85 which established a procedure for review of liquor licenses by the Council.

Ordinance No. 680-85 establishes procedures for liquor license applicants. Applicants are required to fill out a City application form, from which a review by the Police Department is conducted, according to standards and criteria established in Section 6 of the ordinance. The Police Department has reviewed and signed off on this application.

According to the provisions of Section 5 of Ordinance No. 680-85 a member of the Council or the public may request a public hearing on any of the liquor license requests. If such a public hearing request is made, a hearing will be scheduled and held on the license. It is important that any request for such a hearing include reasons for said hearing.

FINANCIAL IMPLICATIONS:
A fee has been paid by the applicant.

SUBJECT: RESOLUTION AUTHORIZING A REVOCABLE PERMIT FOR A SIGN IN THE PUBLIC RIGHT-OF-WAY OF SW BORLAND ROAD

ISSUE BEFORE THE COUNCIL:
A request for a revocable permit authorizing the placement of a freestanding sign within the public right-of-way (ROW) of SW Borland Road for Bridgeport Elementary School.

RECOMMENDATION:
Staff recommends the City Council adopt the attached resolution.

EXECUTIVE SUMMARY:

- This is not a legislative or quasi-judicial action, but a permit authorization.
- The applicant is the Tigard-Tualatin School District for Bridgeport Elementary School. The subject sign will encroach 2 ft. into the existing right-of-way for SW Borland Road.
- The school is proposing to replace their existing sign with this new sign. They have also acknowledged that if necessary for future improvements, they will move the sign at their cost.
- The Engineering Division determined that the sign location is not interfering with existing improvements and has recommended that a Revocable Permit be obtained to allow the sign. The sign is not in the Vision Clearance Area and no damage to the nearby street trees will occur due to the sign in the proposed location.
- Revocable Permits have been issued in the past for signs in the ROW in a variety of locations.
- If the revocable permit is approved, a sign permit can be issued for the freestanding monument sign proposed in the Sign Permit application submitted on November 18, 2010.

OUTCOMES OF DECISION:
Approval of the request will result in the following:

1. Allows the applicant to obtain a sign permit for construct a freestanding sign in a landscape area behind the public sidewalk in the SW Borland Road public ROW.
2. The terms of the Revocable Permit require the sign owner's responsibility for the maintenance and liability associated with the sign and allows the City to require the sign to be removed at the sign owner's expense.

Denial of the request will result in the following:

1. The sign will not have the authorization of the City to be placed in the ROW and a sign permit cannot be issued for the sign at the location proposed.

FINANCIAL IMPLICATIONS:
Approving or denying the requested permit will not result in financial outlays by the City of Tualatin.

RE: Bridgeport Elementary School - 5505 SW Borland Road

Dear Mr. McKillip,

We are proposing a new Bridgeport Elementary School Sign located at 5505 SW Borland Road and would like to request a revocable permit. We are requesting a revocable permit to be able to install our sign over the public right-away as per marked plans. The sign would extend 2 feet into the public right-away. We understand that if the City of Tualatin needs the public right-away to improve the transportation system we will need to move the sign at our cost.

We look forward to obtaining the revocable permit at your next scheduled meeting of the Tualatin City Council or as soon as possible.

Please do not hesitate to contact me if you have any questions or need additional information.

Sincerely

REVOCABLE PERMIT

The City of Tualatin, Oregon ("City") grants to Tigard-Tualatin School District ("Permittee"), a revocable permit to use a landscaped area in the SW Borland Road public right-of-way (ROW) under the jurisdiction of the City of Tualatin and located in the City of Tualatin, Clackamas County, State of Oregon, for the purposes and subject to the conditions stated:

See Exhibits "A" (Assessor's Map showing Subject portion of ROW) and "B" (Assessors Map) that are attached and incorporated by this reference.

The general location of the area is shown on Exhibit "C" (Vicinity Map & Site Plan). This permit is granted to the Permittee for the specific and limited purpose of the installation of the freestanding monument sign in the SW Borland Road public ROW adjacent to Permittee's building as generally depicted in Exhibit "C" (Site Plan).

This permit is granted subject to the following conditions:

(1) Permittee shall not construct, place or locate or allow others to construct, place or locate any structures within the permit area described in Exhibits "A","B" and "C- Site Plan" except for improvements approved by City;

(2) Permittee shall keep and maintain the areas free from all conditions that create a risk of injury or damage to those lawfully using the area, and shall indemnify and hold the City, its officers, agents and employees harmless from any claims for injury, damage or loss of whatsoever nature arising out of or related to the use of the permit area.

(3) Permittee shall obtain sign permits and other applicable permits for the freestanding sign depicted on Exhibit "D" at Permittee's expense.

(4) Permittee shall provide all necessary maintenance and repair of the public right-of-way, sidewalk, landscaping, street trees, and irrigation located adjacent to and within the Revocable Permit area during construction and during on-going maintenance of the freestanding monument sign to the satisfaction of the City.

This Permit may be revoked by the City upon:

(1) A determination of the City Council that the Permittee has violated or failed to satisfy any of the conditions of this permit, or

(2) Upon determination by the City Council that the permit area is required for public purposes, the City Council shall provide written notice of revocation that shall be effective, without further action of either party, 120 days after the date of the notice.

If the City Council declares a revocation of this permit under subparagraph (1), the written declaration shall be mailed to Permittee at the Permittee's address shown on the records of the Washington County Department of Assessment and Taxation. The revocation shall be effective ten (10) days after the date of the written declaration. All rights and interests of the Permittee shall automatically terminate upon the effective date of the revocation.

Prior to the effective date of revocation of this permit, the Permittee, at its expense, shall cause all improvements to be removed from the permit area if so requested in the Declaration of Revocation and re-establish area to its pre-existing condition.

It is acknowledged by the City and the Permittee, that the freestanding monument sign must be in compliance with the requirements of the Tualatin Development Code.

This Permit is granted for the benefit of and the heirs, successors in interest and assigns of the Permittee who shall be bound by the conditions of this Permit.

The parties have executed this permit on the date indicated below.

DATE: December 13, 2010

SUBJECT: AN ORDINANCE ALLOWING DOGS ON THE TUALATIN COMMONS; AND AMENDING TMC 5-3-040

ISSUE BEFORE THE COUNCIL:
Council will consider modifying the Tualatin Municipal Code to allow dogs at the Tualatin Commons without a permit.

RECOMMENDATION:
TPARK reviewed the draft ordinance language at their November 9, 2010 meeting and recommended that Council adopt the attached ordinance language.

FINANCIAL IMPLICATIONS:
There are six (6) permanent, metal framed signs at the Commons with a welcome message, general information, and rules that will need to be updated since the signs indicate that dogs are not allowed. The signs were made in 1994 and 1997 and this would be a good time for a general refreshment of the appearance and content of all the signs. The cost to update the signs has not been determined, but is estimated to be in the range of $15,000, and is not currently budgeted.

As a short-term solution, a stick-on label will be placed on the signs indicating that dogs are allowed if leashed. Staff will investigate the options and costs to update the signs and propose funding in Fiscal Year 2011/2012.

DISCUSSION:
This summer Council asked the Tualatin Park Advisory Committee (TPARK) to reconsider the rule governing dogs at the Tualatin Commons. The public was asked to provide input

on the matter in two ways; first, an opinion survey was distributed at events at the Tualatin Commons in July and August. The survey was also available electronically on the City's website and announced in the City newsletter. By a margin of 2-to-1 the respondents supported a rule change to allow dogs at the Tualatin Commons. Secondly, the public was invited to provide input on the topic at the September TPARK meeting. Both TPARK and the Tualatin Youth Advisory Council considered the subject and made a recommendation to Council.

The survey results and advisory committee recommendations were presented to Council at the October 25, 2010 Council work session. After deliberation Council directed staff to prepare ordinance language that would remove the requirement to obtain a special permit for the public to have dogs at the Tualatin Commons.

If approved by the Council, dogs will be allowed on the Tualatin Commons without a permit effective January 13, 2011.

ORDINANCE NO. 1315-10

AN ORDINANCE ALLOWING DOGS ON THE TUALATIN COMMONS; AND AMENDING TMC 5-3-040

THE CITY OF TUALATIN ORDAINS AS FOLLOWS:

Section 1. TMC 5-3-040 is amended to read as follows:

The general rules and regulations for the Tualatin Commons are as provided in this section. Although commission of a civil infraction requires no proof of conscious wrongdoing, any legally sufficient state of consciousness, such as intentional, knowing, reckless, or criminal negligence, as defined by ORS 161.085, may be alleged and proved in order to show culpability. The custodial parent or parents of an unemancipated minor child shall be liable for any injury or damage to persons or property and responsible for the acts committed by the child.

(1) The following activities require a permit. A permit for these activities may be issued provided the activity is likely to attract a gathering of 20 or more people at any one time. Unless an activity listed in this subsection is likely to attract or involve a gathering of 20 or more people at any one time, a permit shall not be issued and the activity is prohibited. Failure to obtain a permit which would allow such activities is unlawful.

(a) Consumption of alcohol or possession of an open container of alcohol;

(b) Building an open fire;

(c) Flying a kite;

(d) Sound amplification, except for emergencies;

(e) Conducting business;

(f) Operating, parking, or storing a motor vehicle, off-road vehicle, motorcycle, trailer, or other vehicle; However, this subsection does not apply to motor vehicles used in connection with maintenance, fire, emergency medical, law enforcement, public utility, or private security patrol;

(g) Skateboarding, roller skating, or in-line skating;

(h) Fishing or casting;

(i) Boating or ice skating;

(j) Erecting a table, stand, sign, marker, poster, or inscription;

(k) Bicycle riding except by police and authorized security patrol;

(l) Any activity which constitutes or creates a special use;

(m) Bringing any animal, except for the following:

(i) dogs that are under the control of the person in possession of the dog and currently licensed;

(ii) seeing eye or hearing ear dogs by persons with disabilities;

(iii) trained law enforcement dogs by authorized police officers during a law enforcement activity~~; or~~

~~(iii) persons who patronize businesses located adjacent to the Commons, which cater only to animals, i.e., pet stores or veterinary clinics, but only when being taken directly to or from such business~~.

Animals allowed under this paragraph shall be confined or on a leash not longer than six feet at all times except when the Director has established a temporary off-leash exemption for permitted events. ~~and t~~ The person in possession or control shall prevent the animal from interfering with other Tualatin Commons' users and remove and properly dispose of the animal's waste material.

(2) Except as otherwise specifically authorized by the Director, the following acts are unlawful:

(a) The removal, destruction, or breaking of a structure, fixture, tree, plant, or other property;

(b) Interference with a structure or facility;

(c) The digging, defacing, or removal of dirt, stones, rock or other substance, or the excavation, quarrying, or rolling of stones, or the picking up, throwing, or dropping of rocks, stones, or other debris into the lake;

(d) The possession, discharge or causing to be discharged of a firecracker, explosive, torpedo or rocket, propelled by either water pressure or combustible materials, or fireworks as defined by ORS 480.110;

(e) The obstruction of the use and enjoyment of the Tualatin Commons, the placement of straw, grass clippings, dirt, chips, paper, ashes, refuse or debris, or the leaving or abandonment of a vehicle or part of a vehicle in or

upon Tualatin Commons; However, the foregoing prohibition does not apply to the landscaping and other maintenance activities of City employees and agents; and

(f) Standing or walking within the area encompassed by the walls of the lake, whether such area is wet or dry.

(3) It is unlawful to:

(a) Use an animal, weapon, or other device which causes or tends to result in injury or molestation of any wild fowl or fish, or its habitat, except for City employees or agents in the discharge of their duties;

(b) Give or offer, or attempt to give an animal a known noxious substance.

(c) Discharge a firearm, as defined by ORS 166.210, except the authorized use by law enforcement officers, or other device capable of injuring a person, bird, or animal. However, this paragraph does not apply to the use of officially-approved weapons by law enforcement officers of a city, county, the State of Oregon, or the federal government acting in the performance of their duties;

(d) Use golf equipment or any projectile;

(e) Use self-propelled, remote controlled model boats, or other model vehicles powered by gasoline or other liquid fuel;

(f) Swim, bathe, wash, or wade in the lake water;

(g) Feed birds or other wildlife;

(h) Wash clothing or other materials, deposit any substance, clean fish, or introduce or place animals, fish, polluting substance, waste, or litter in the fountain, lake, or anywhere else; except that waste shall be deposited in containers provided for that purpose;

(i) Sleep between sunset and sunrise;

(j) Camp;

(k) Climb a tree or walk, stand, climb, or sit upon a sign, light standard, fence, building, or the wave rail;

(l) Deface or destroy an official notice which has been posted by order or direction of the Director;

(m) Blow, spread, or place a nasal or other bodily discharge or waste or to spit, urinate, or defecate on the floors, walls, partitions, furniture, fittings, or on any portion of a public restroom or portable toilet or in any place in such facility, excepting directly into the particular fixture provided for that purpose. Nor shall any person place a bottle, can, cloth, rag, or metal, wood, or stone substance in any of the plumbing fixtures in such restroom, toilet, or facility;

(n) Stand or climb on a toilet fixture, seat, basin, partition, or other furniture, fixture, or fitting, or push, crowd, or otherwise act in a disorderly manner or interfere with an attendant in the discharge of his or her duties;

(o) Deface, destroy, or damage a wall, floor, ceiling, partition, fixture, or furniture or use towels in an improper manner or waste soap, toilet paper, or any of the facilities provided in a public restroom or portable toilet facility, or willfully obstruct the regular flow of water within a toilet facility;

(p) Deface, destroy, or damage a public drinking fountain or throw, place, or deposit in a cup or basin of same any cigar or cigarette stub, or other matter or refuse, or obstruct the regular flow of water thereof in any manner;

(q) Smoke or carry a lighted smoking device in a public building, in accordance with Oregon's Clean Air Act (ORS 433.835 to 433.875);

(r) Engage in an activity prohibited by a governmental entity that has jurisdiction;

(s) Engage in, promote, instigate, encourage, or cause fighting or similar violent, intimidating act as defined in ORS 166.155 or 166.165, or menacing conduct as defined in ORS 163.190;

(t) No male person, other than a child with its mother or guardian, or a city employee, private maintenance worker, or private security officer in the discharge of such employee's regular duties, shall enter a public restroom or portable toilet marked "women," or loiter about the entrances of such restroom or portable toilet facility. No female person, other than a child with its father or guardian, or a city employee, private maintenance worker, or private security officer in the discharge of such employee's regular duties, shall enter a public restroom or portable toilet marked "men," or loiter about the entrances of such restroom or portable toilet facility;

(u) Interfere with an authorized activity by doing one or more of the following:

(i) Enter in or upon and use an area of the Promenade which has been reserved for a resident business for a purpose other than in accordance with the Resident Business Permit;

(ii) Engage in conduct which imminently threatens to cause or causes a speaker or performer to cease speaking or performing, or threatens to cause or causes an audience to be unable to hear the speaker or performers;

(iii) Except when viewing or participating in an authorized activity, engages in conduct within 20 feet of an authorized activity which prevents reasonable people with normal sensitivities participating in the properly authorized activity from carrying on a normal conversation;

(v) Ride a bicycle within the area encompassed by the walls of the lake whether such area is wet or dry; or

(w) Possess or control an animal and,

(i) Fail to confine the animal in a container or keep the animal on a leash not longer than six feet;

(ii) Fail to prevent such animal from interfering with Tualatin Commons users or resident businesses;

(iii) Fail to remove and properly dispose of such animal's waste material; or

(iv) Fail to prevent the animal from entering or remaining in the area encompassed by the walls of the lake.

DATE: December 13, 2010

SUBJECT: AN ORDINANCE ESTABLISHING RULES FOR OFF-LEASH DOG AREAS; AND AMENDING TMC 5-2-040

ISSUE BEFORE THE COUNCIL:
Council will consider modifying the Tualatin Municipal Code to establish rules for off-leash dog areas.

RECOMMENDATION:
The Tualatin Park Advisory Committee (TPARK) reviewed the draft ordinance language at their November 9, 2010 meeting and recommended that Council adopt the attached ordinance language.

FINANCIAL IMPLICATIONS:
There are no financial implications to modifying the Tualatin Municipal Code to establish rules for off-leash dog areas.

DISCUSSION:
The City of Tualatin will open an off-leash dog area at the north end of Tualatin Community Park in early 2011. The dog park will promote socializing and the joys and benefits people get from being outdoors with their dogs. As with all new park facilities a maintenance and operations plan will be developed. A key element of the management and operations plan will be the rules governing use of the facility. Rules governing the use of the off-leash dog area do not currently exist and must be established to ensure orderly use of the facility and maximize the safety and enjoyment of users and their dogs.

TPARK reviewed examples of the best and most common dog park rules from around the state and country and developed a set of rules that are most appropriate for this facility.

The following rules for having dogs in off-leash areas are incorporated into the attached ordinance:

- Be near, and in control of, your dog at all times
- Remove aggressive dogs immediately
- Children under 12 must be accompanied by an adult
- Clean up after your dog immediately
- No puppies in large dog area
- No female dogs in heat allowed
- Do not leave dogs unattended
- Do not allow dogs to dig holes
- Do not tie a dog to any tree, shrub, fence, railing, or other structure or facility
- Display tags showing proof of current license
- Keep dogs on six-foot leash outside of off-leash areas

PUBLIC INVOLVEMENT:
The public was invited to provide input on the rules at the September, October, and November TPARK meetings. Testimony provided to TPARK was considered and incorporated into their final recommendation. The Tualatin Park Advisory Committee recommends to Council the adoption of the new rules as shown in the attached ordinance.

ORDINANCE NO. 1316-10

AN ORDINANCE ESTABLISHING RULES FOR OFF-LEASH DOG AREAS; AND AMENDING TMC 5-2-040

THE CITY OF TUALATIN ORDAINS AS FOLLOWS:

Section 1. TMC 5-2-040 is amended to read to read as follows:

The general rules and regulations for City of Tualatin parks and park areas shall be as provided in this section. Unless otherwise provided, although an offense defined under this ordinance requires no culpable mental state with respect to one or more of its material elements, the culpable commission of the offense may be alleged and proved, in which case criminal negligence constitutes sufficient culpability. The parent or parents of an unemancipated minor child, other than a parent who is not entitled to legal custody of such child, shall be liable for any damage to persons or property and responsible for the acts committed by such child.

(1) Fires in park areas.

(a) It shall be unlawful to build or permit to be built a fire in any park area unless said fire is confined to:

(i) Park campstoves or fireplaces.

(ii) Portions of parks designated as permitting fires.

(iii) Portable stoves in established picnic areas and designated where fires are permitted.

(b) No fire shall be left unattended, and every fire shall be extinguished before its user leaves the park area.

(c) If, in the judgment of the ~~Parks and Recreation~~ Community Services Director, there exists a danger that even confined fires may spread, such as in dry seasons or during times of high winds, all outdoor fires may be prohibited in parks.

(2) It shall be unlawful to:

(a) use an animal or any weapon, stick, stone, missile or other device of any kind which causes or tends to result in the destruction, injury, disturbance, or molestation of any wild or domestic animal, fowl, or fish (except fishing in designated areas) or any habitat thereof within a park or park area.

(b) give, or offer, or attempt to give any animal within a park, any tobacco or other known noxious article, or anything the giving of which is prohibited by printed notices conspicuously posted therein.

(c) discharge any firearm, pellet gun, B.B. gun, slingshot, bow and arrow, or other weapon capable of injuring any person, bird or animal. Provided, however, this paragraph shall not apply to the use of officially approved weapons by duly authorized peace officers so authorized under the laws of the State of Oregon or the federal government, or except under agreement or special regulations of the Council, or by permission of the ~~Parks and Recreation~~ Community Services Director.

(d) possess any firearm, pellet gun, or B.B. gun in any park area except as provided by law or by peace officers authorized under the laws of the State of Oregon or the federal government, or except under agreement or special regulations of the Council, or by permission of the ~~Parks and Recreation~~ Community Services Director.

(e) use a beanshooter, javelin, shot-put, discus, horseshoe, golf equipment or self-propelled, remote or noncontrolled devices, such as model airplanes, helicopters or vehicles in or upon any park area, except in those areas specifically designated or provided for the particular use.

(3) For any person other than a person authorized by the ~~Parks and Recreation~~ Community Services Director the following acts are hereby declared to be unlawful:

(a) The removal, destruction, breaking, injuring, mutilating, or defacing in any way any structure, monument, statue, vase, fountain, faucet, barrier, wall, fence, gate, railing, or other enclosure or part thereof or any vehicle, traffic recorder, sign, marker, bench, tree, shrub, fern, plant, flower, fixture or other property in any park.

(b) The act of bringing upon any of the parks or having in such person's possession while therein, any tree, shrub or plant, or any newly plucked branch or leaf or tree, shrub or plant.

(c) The movement or removal of any sign, marker, monument, fence, barrier, faucet, buoy, traffic recorder, or other structure or facility of any kind in a park.

(d) The digging, defacing, or removal of any dirt, stones, rock or other substance whatever, make any excavation, quarry any stone, possess or discharge any explosive device, or lay or set off any blast, or roll any stones or other objects, or cause or assist in doing any such things within a park.

(e) The possession, discharge or causing to be discharged of any fire-cracker, explosive, torpedo, rockets propelled by either water pressure or combustible materials, fireworks as defined by ORS 480.110, or other substance which could be harmful to park area visitors or resources.

(f) The erection of any sign, marker, poster or inscription of any type within a park area. The posting of advertisements for any product or service will only be permitted at a designated resource board where appropriate.

(g) The obstruction of the free use and enjoyment of any park, the placement of any straw, grass clip-pings, dirt, chips, paper, shavings, shells, ashes, swill, garbage, rubbish, refuse or debris, or the leaving or abandonment of any vehicle or part thereof in or upon any park; provided, however, the foregoing prohibition shall not apply to the landscaping and other maintenance activities of City employees and agents.

(h) The entering of any park with straw, grass clippings, chips, paper, shavings, shells, ashes, swill, garbage, rubbish, refuse or debris that has originated from outside the park, for the purpose of disposing of any of the rubbish, refuse, or debris in the park; provided, however, the foregoing prohibition shall not apply to the disposal of garbage or refuse that results from the normal use of the park for recreational or other lawful purposes.

(i) The operation or permission to operate any sound amplification system which is plainly audible at a distance of fifty (50) feet or more from the source of the sound, unless that system is being operated to request assistance or warn of a hazardous situation. This paragraph shall not apply to emergency vehicles as defined in ORS 801.260, vehicles operated by utilities as defined in ORS 757.005, 758.505 and 759.005, audio alarm systems installed in vehicles and Federal Communications Commission licensed two-way radio communications system. As used in this paragraph, "plainly audible" means any sound for which the information content of that sound is unambiguously communicated to the listener including, but not limited to, understandable spoken speech, comprehension of whether a voice is raised or normal or comprehensible musical rhythms or vocal sounds.

(4) It is unlawful any person to sell, peddle or offer for sale any good, liquids, edibles for human consumption, or any goods, wares, services or merchandise or to solicit for a charitable contribution in a park unless that person has been granted a concession or a park permit by the ~~Parks and Recreation~~ Community Services Director or by the City Council and then only in conformance with applicable state and county regulations.

(5) Motor vehicles shall be operated and parked only on roads and in parking areas designated for motor vehicle use. Said roads and parking areas are intended for

the use of the general public for vehicles and subject to all City, county and state ordinances and regulations. No operator shall park and no owner shall allow a vehicle to be parked within a park for the principle purpose of repairing or servicing the vehicle, except repairs necessitated by an emergency. No motor vehicle, off-road vehicle, motorcycle, trailer, bicycle, skates, skateboards, or other vehicle shall be permitted on any trail or in any part of a park not designated for such use, or on any road or trail posted as closed to the public. Provided, however, this subsection shall not apply to those motor vehicles used in connection with City maintenance, fire and emergency medical vehicles or police patrol, or as permitted by the ~~Parks and Recreation~~ Community Services Director.

(6) Except for fire and emergency medical response and police patrols, no person shall operate any motor vehicle within a park at a speed in excess of 15 miles per hour unless the roadway is posted otherwise.

(7) Except for those animals which a significant number of park users have cooperatively adopted and cared for and which become attached to or associated with particular park buildings, such as the ~~Senior~~ Juanita Pohl Center, no dog, cat or other animal of any kind shall be brought into or kept in a park area unless confined, or in a vehicle, or on a leash not longer than six (6) feet without the express consent of the ~~Parks and Recreation~~ Community Services Director or as allowed in section 5-2-040 (29). It shall be unlawful for any individual to leave an unattended animal in a poorly ventilated, confined area or a vehicle for a period of time which would be an act of cruel mistreatment as defined in Tualatin Ordinance 702-86, as amended. The authority of the ~~Parks and Recreation~~ Community Services Director includes the authority to require the person keeping the animal to undertake any measures (including removal of the animal from the park) deemed by the ~~Parks and Recreation~~ Community Services Director as necessary to prevent interference by the animal with the safety, comfort, and well-being of the park users, or the appearance or sanitary conditions of the park area. Persons in possession or control of an animal in a park shall be responsible for the removal and disposal of all waste material of such animal in waste receptacles. No animals, other than seeing-eye or hearing ear dogs, shall be allowed in any building.

(8) No person shall ride, drive, lead or keep a horse or other livestock in any park, except on such roads, trails, or areas designated for that purpose. No horse or other such animal shall be hitched or tied in such a manner that may cause damage to such tree, shrub, improvement or structure.

(9) Any form of gathering for special events or use of a park area at special times or for special uses or events shall be unlawful without specific authorization from the ~~Parks and Recreation~~ Community Services Director and shall be in accord with state law, City and county ordinance and regulations as may now or hereafter exist. During any gathering for special events or use of a park area authorized under this section, no person shall use, possess or consume alcoholic beverages in any location other than a location designated by the ~~Parks and Recreation~~ Community Services Director or the City Council in the permit authorizing such gathering.

(10) No person shall wash any clothing or other materials, or deposit any material or other substance, or clean any fish, or introduce or place polluting substance, waste or litter in a stream, fountain or river in or along a park.

(11) It shall be unlawful for any person to camp out or sleep in any park area at such time when the park is closed, except by specific permission of the ~~Parks and Recreation~~ Community Services Director and only in areas designated for such purpose.

(12) Certain activities, including but not limited to, swimming, picnicking, group picnicking, boating, water-skiing, fishing, camping, group camping, hiking, and driving of vehicles, and riding of bicycles, skates, skateboards and horses may be restricted by the ~~Parks and Recreation~~ Community Services Director to designated zones or areas, and such designations shall be observed.

(13) It shall be unlawful for any person to enter or remain in any park or part thereof from sunset to sunrise, except as provided below:

(a) A gathering for a special event or use of a park area at special times or for special uses or events which are authorized under sub-section (9).

(b) The following persons, when engaged in the course of their duties: the ~~Parks and Recreation~~ Community Services Director, City employees, law enforcement officers, fire and emergency medical personnel, and those persons authorized by the Parks and Recreation Director.

(c) Persons attending activities and events sponsored by the Parks and Recreation Department or authorized by the ~~Parks and Recreation~~ Community Services Director, or the use of park facilities designed for night use such as lighted sports fields or tennis courts.

(14) It is unlawful for any person to climb any tree, or walk, stand, climb or sit upon a monument, vase, railing, or fence in any park. It is unlawful for any person to walk, stand or sit upon any fountain where posted.

(15) It is unlawful for any person to injure, deface, or destroy any notice of the rules and regulations for the government of the parks, or other official notice which has been posted or permanently affixed by order or permission of the ~~Parks and Recreation~~ Community Services Director.

(16) No male person, other than a child with its mother, or a park or law enforcement employee in the discharge of such employee's regular duties, shall enter a public restroom or portable toilet, marked "women", or loiter about the entrances of such restroom or portable toilet facility.

No female person, other than a child with its father, or a park or law enforcement employee in the discharge of such employee's regular duties, shall enter a public restroom or portable toilet, marked "men", or loiter about the entrances of such restroom or portable toilet facility.

(17) It is unlawful for any person to blow, spread, or place any nasal or other bodily discharge or waste or to spit, urinate or defecate on the floors, walls, partitions, furniture, fittings, or on any portion of any public restroom or portable toilet or in any place in such facility, excepting directly into the particular fixture provided for that purpose. Nor shall any person place any bottle, can, cloth, rag, or metal, wood, or stone substance in any of the plumbing fixtures in any such station.

(18) It is unlawful for any person to stand or climb on any toilet fixture, toilet seat, basin, partition, or other furniture, fixture or fitting, or to push, crowd, or otherwise act in a disorderly manner, or to interfere with any attendant in the discharge of his or her duties.

(19) It is unlawful for any person to cut, deface, mar, destroy or break, or write on or scratch any wall, floor, ceiling, partition, fixture, or furniture, or use towels in any improper manner, or waste soap, toilet paper, or any of the facilities provided in any public restroom or portable toilet facility.

(20) It is unlawful for any person to willfully mark, scratch, disfigure, deface, or in any manner injure any public drinking fountain in the City, or throw, place, or deposit in any cup or basin of same any cigar or cigarette stub, or any other matter or refuse whatever, or obstruct the regular flow of water thereof in any manner whatever.

(21) In case of an emergency, or in case where life or property are endangered, all persons, if requested to do so by the ~~Parks and Recreation~~ Community Services Director, a peace officer or other park employee, shall depart from the portion of the grounds specified by such officer or employee, and shall remain off the same until permission is given to return.

(22) No person shall engage in activity prohibited by any state, county, or municipal law of Oregon while in a park or while engaged in Parks and Recreation Department activities.

(23) It shall be unlawful for any person to engage in, promote, instigate, encourage or cause fighting or similar violent conduct which would threaten the physical well-being of the public.

(24) It shall be unlawful for any person to fish from the banks of the Tualatin River in a park area except in those areas designated for such purpose.

(25) In accordance with Oregon's Clean Air Act, ORS 433.835 to 433.875, no person shall smoke or carry any lighted smoking device in a park building except in designated smoking areas.

(26) Boaters shall comply with park regulatory signs posted in boat launching and moorage areas. Boats moored shall be secured in a manner that will not cause personal injury or damage to private property or park resources. There shall be no swimming or water skiing in the immediate area of or from boat ramps or facilities.

(27) All articles found in park areas shall be turned over to a park employee and disposed of in accordance with ORS 98.005 and Parks and Recreation Department Administrative Policies and Procedures.

(28) It shall be unlawful for any person to consume alcohol, to possess an open container holding alcohol, or to open a container holding alcohol while in any park, except pursuant to a permit issued by the ~~Parks and Recreation~~ Community Services Director under this subsection and in accordance with terms and conditions attached to such permit. In addition to any other penalties provided by this ordinance, a person found to have violated this section shall forfeit for disposal the alcoholic beverage. The following conditions shall apply to permits concerning alcohol in the park:

(a) Alcohol shall not be allowed in any children's playground, on any boat ramp or docking facility or in any vehicular parking lot.

(b) An alcohol permit shall be kept and maintained at all times in the possession of the person to whom it is issued, shall not be transferable and shall be limited in duration.

(c) A person shall not be issued an alcohol permit unless they can satisfactorily demonstrate the following:

(A) that they are at least 21 years of age;

(B) that they have paid applicable fees associated with such permit;

(C) that they have agreed in writing to be responsible for any injuries or damage arising from the consumption of alcohol;

(D) that they have completed the appropriate application form for administrative purposes;

(E) that, if required, they have submitted satisfactory insurance, a security deposit and other documentation to demonstrate compliance with applicable Oregon (OLCC) laws and other security measures which may be required by the ~~Parks and Recreation~~ Community Services Director; and

(F) that they are not otherwise disqualified from obtaining a permit under this Section.

(d) A person who within twelve (12) months immediately prior to submitting their application for an alcohol permit or prior to consuming alcohol or possessing an open alcohol container in a park under some other valid alcohol permit has been found by a court to have violated a park rule (civil infraction or state law violation) or has been officially excluded from any park for a period longer than one day (and the exclusion was upheld, if appealed) is prohibited from exercising any park alcohol privilege.

(e) A person who is denied an alcohol permit or other park alcohol privilege under paragraphs (c) or (d) of this subsection may take the matter up with the ~~Parks and Recreation~~ Community Services Director whose decision on the matter shall be final. Unless otherwise determined by the ~~Parks and Recreation~~ Community Services Director, however, the denial of the permit or other such privilege shall take effect from the initial point of decision.

(f) Except for a person whose alcohol permit or privileges are denied under paragraph (e), in addition to any other penalties provided by this ordinance or other law, a person who is found to have violated a park rule (civil infraction or state law violation) or any condition under which an alcohol permit has been issued, shall forfeit their alcohol permit and all park alcohol privileges for a period of one year. The forfeiture shall commence on the date notice of violation is delivered to the person. A person who disputes such violation under this paragraph may contest such determination pursuant to this chapter ~~Section 8 of this ordinance~~, unless the violation has been litigated or finally determined in a separate proceeding.

(g) A person who has been issued an alcohol permit in association with a Group Facility or Special Event Permit shall not allow, pursuant to their permit, a person known to be disqualified from receiving an alcohol permit or exercising any park alcohol privilege to consume alcohol or possess an open alcohol container in a park.

(h) The privilege of receiving an alcohol permit or exercising any park alcohol privilege shall include and carry the following consequences:

(A) the person will be responsible for any damages, injuries and/or costs which result from the consumption of alcohol in a park pursuant to such permit;

(B) the person shall indemnify and, if requested, defend the City from any action brought to recover for such damages, injuries and/or costs; and

(C) the City or any other injured person shall have a cause of action and may seek recovery for such damages, injuries and/or costs incurred from such permittee or their insurer.

(i) Nothing contained herein is intended to authorize the consumption, possession, distribution or use of alcohol in any manner which is prohibited under Oregon law, or to modify the provisions of the Oregon Tort Claims Act (ORS 30.260 to 30.400).

(29) A dog's owner, complying with the regulations set forth in TMC 5-2-040, may have a dog off leash in designated off-leash areas. A person in possession, custody or control of dogs in an off-leash area shall:

(a) ensure dogs are wearing a tag showing proof of current dog licensure;

(b) promptly remove and dispose of dog waste in an appropriate receptacle;

(c) not leave dogs in off-leash area unattended;

(d) stay within command distance and keep dogs under control;

(e) remove aggressive dogs from the off-leash area immediately;

(f) not tie a dog to any tree, shrub, fence, railing, or other structure or facility; except to such structures or facilities as are designated for that purpose;

(g) not allow dogs to damage facilities;

(h) be age twelve (12) or older unless accompanied by a parent or legal guardian;

(i) not bring a puppy younger than six (6) months of age into an off-leash area;

(j) not allow a female dog in heat to use the off-leash area; and

(k) not have more than two (2) dogs in the off-leash area at one time.

Nothing in this Section shall limit the authority of the Director to terminate, alter, or amend the designation of any off-leash area or off-leash hours; or to modify, add to, or subtract from these rules.

WHEREAS upon the application of the Community Development Department, a public hearing was held before the City Council of the City of Tualatin on November 22, 2010, related to a Plan Text Amendment to amend TDC 31.060, 35.030, 40.015, 40.020, 40.030, 41.020, and 41.030; and adding MAP 9-6 (PTA-09-09); and

WHEREAS notice of public hearing was given as required under the Tualatin Development Code by publication on in The Times, a newspaper of general circulation within the City, which is evidenced by the Affidavit of Publication marked "Exhibit A," attached and incorporated by this reference; and by posting a copy of the notice in two public and conspicuous places within the City, which is evidenced by the Affidavit of Posting marked "Exhibit B," attached and incorporated by this reference; and by mailing a copy of the notice to all landowners is Residential Planning Districts within the Tualatin Planning Area, which is evidenced by the Affidavit of Mailing marked "Exhibit C," attached and incorporated by this reference; and

WHEREAS the Council conducted a public hearing on November 22, 2010, and heard and considered the testimony and evidence presented by the City staff and those appearing at the public hearing; and

WHEREAS after the conclusion of the public hearing, the Council voted to direct staff to bring back an Ordinance to adopt PTA-09-09 at the December 13, 2010 Council Meeting, which resulted in approval of the Ordinance by a vote of [7-0];

WHEREAS based upon the evidence and testimony heard and considered by the Council and especially the City staff report dated November 22, 2010, the Council makes and adopts as its Findings of Fact the findings and analysis in the staff report attached as "Exhibit D," which are incorporated by this reference; and

WHEREAS based upon the foregoing Findings of Fact, the City Council finds that it is in the best interest of the residents and inhabitants of the City and the public; the public interest will be served by adopting the amendment at this time; and the amendment conforms with the Tualatin Community Plan; and therefore, the Tualatin Development Code should be amended.

THE CITY OF TUALATIN ORDAINS AS FOLLOWS:

Section 1. TDC 31.060 the following definitions are amended to read as follows; with the remainder of the definitions remain unchanged:

~~Nursing or Convalescent Home. A home, place or institution which operates and maintains facilities providing convalescent or chronic care, or both, for a period exceeding 24 hours for two or more ill or in-firm patients not related to the nursing home administrator or owner by blood or marriage. Convalescent and chronic care may include, but need not be limited to, the procedures commonly employed in nursing and caring for the sick.~~

Nursing Facility. A State of Oregon Licensed Intermediate or Long-term care facility including facilities identified as a nursing home, skilled nursing facility, or convalescent care as defined in Oregon Revised Statutes (ORS) Chapters 678 and Chapter 442.

Retirement Housing. Housing occupied by persons who are 58 years of age and older, including couples with one person 58 years of age or older, where a more supportive living environment than typically afforded to residents in conventional apartments or single-family residential housing is provided. Retirement housing includes "congregate care facility" and "retirement housing facility," or combinations thereof as defined by this code. Retirement housing does not include "nursing facility ~~or convalescent home~~" as defined below by this code.

Retirement Housing Facility. Retirement housing consisting of dwelling units in a multi-family structure or complex.

Section 2. TDC 35.030 is amended to read:

(1) A nonconforming structure or use of land may be continued, but shall not be altered or enlarged, except for the uses listed in (2) below ~~warehouse and distribution center uses existing on April 12, 2000 in the Manufacturing Park District~~ which can be altered and enlarged. For purposes of this chapter, enlargement or alteration of a nonconforming structure or use of land shall not include improvements to required paving, landscaping, or other aesthetic improvements to the premises. Structural expansion or any change in the external dimensions of the building shall be considered an alteration or enlargement, unless such changes are primarily for aesthetic improvements. A structure conforming as to use but nonconforming as to setback or yard requirements may be altered or enlarged, providing the alteration or enlargement does not result in a violation of the Tualatin Community Plan. A non-conforming structure or use of land may be altered or enlarged when such alteration or enlargement will bring the structure or use into conformity with the Planning District Standards for the planning district within which the use or land is located.

(2) (a) Warehouse and distribution center uses existing on April 12, 2000 in the Manufacturing Park District;

(b) The Winona Cemetery (9900 SW Tualatin Road), the PGE Substation (6280 SW Borland Road), and the Stafford Hills Racquet and Fitness Club (5916 SW Nyberg Lane) conditional uses located in the RL Planning District that obtained conditional use approval before January 13, 2011.

(3) ~~(2)~~ See TDC 35.200 for signs.

Section 3. TDC 40.015 is amended to read:

Housing density shall not exceed 6.4 units per net acre, except as set forth below:

(1) The maximum density for small-lot subdivisions, and partitions and subdivisions affected by TDC 40.055, shall not exceed 7.5 dwelling units per net acre.

(2) The maximum density for ~~nursing and convalescent homes and~~ retirement housing in accordance with 34.170(2) shall not exceed 10 dwelling units per net acre.

Section 4. TDC 40.020, Permitted Uses, is amended to read:

(1) Single-family dwellings, including manufactured homes.

(2) Agricultural uses of land, such as truck gardening, horticulture, but excluding commercial buildings or structures and excluding the raising of animals other than normal household pets.

(3) Home occupations as provided in TDC 34.030 to 34.050.

(4) Public transit shelters.

(5) Greenways and Natural Areas, including but not limited to bike and pedestrian paths and interpretive stations.

(6) Residential homes.

(7) Residential facilities for up to 15 residents, not including staff.

(8) Family day care provider, provided that all exterior walls and outdoor play areas shall be a minimum distance of 400 feet from the exterior walls and pump islands of any automobile service station, irrespective of any structures in between.

(9) Sewer and water pump stations and pressure reading stations.

(10) Wireless communication facility attached, provided it is not on a single-family dwelling or its accessory structures.

(11) Accessory dwelling units as provided in TDC 34.300 to 34.310.

(12) Transportation facilities and improvements.

(13) Public park, public playground, and public recreation building.

Section 5. TDC 40.030 is amended to read:

The following uses and their accessory uses are permitted as conditional uses when authorized in accordance with TDC Chapter 32:

(1) Common-wall dwellings.

(2) Condominium dwelling units provided they meet the following standards, notwithstanding other provisions of this Code, and meet the requirements of ORS 91.500.

(a) All units shall be on a primary lot with frontage on a public street or in accordance with TDC 36.470.

(b) Access to secondary lots and to all buildings on the primary lot from public streets shall be guaranteed physically and legally by restrictive covenants and homeowners' association bylaws prior to issuance of building permits for the project and after approval of the state pursuant to state statutes, or in accordance with TDC 36.470.

(3) Small-lot subdivisions conforming to the following standards:

(a) No small lot subdivision shall have less than ten lots.

(b) All subdivision improvements shall conform to TDC Chapter 36.

(c) All dwelling units constructed shall conform to the construction standards of the State of Oregon Uniform Building Code as adopted by the City of Tualatin.

(d) A tree survey shall be prepared and submitted as part of the conditional use application. This tree survey shall show the location of existing trees having a trunk diameter of eight inches or greater, as measured at a point four feet above ground level. The purpose of this survey shall be to show that, by utilizing the small lot subdivision provisions, a greater number of trees can be preserved than would be

possible without use of the small lot subdivision provisions. As used in this section, the word "tree" means a usually tall, woody plant, distinguished from a shrub by having comparatively greater height and characteristically, a single trunk rather than stems.

(e) The small lots:

(i) Shall be no less than 5,000 and no more than 6,499 square feet.

(ii) When a small lot abuts an existing lot in a City approved and recorded subdivision or partition the small lot shall be no more than 500 square feet smaller than the size of the abutting lot. For example, a new small lot shall be no less than 5,500 square feet if it abuts an existing lot of 6,000 square feet; 5,600 square feet if it abuts an existing lot of 6,100 square feet; 5,700 square feet if it abuts an existing lot of 6,200 square feet; and so on, up to 5,999 square feet if it abuts an existing lot of 6,499 square feet.

(iii) When a small lot is directly across a local street from an existing lot in a City approved and recorded subdivision or partition the small lot shall be no more than 500 square feet smaller than the lot directly across the street.

(iv) When a Tract or easement is between a small lot and an existing lot in a City approved and recorded subdivision or partition the small lot shall be separated from the existing lot by at least 50 feet.

(v) For purposes of this subsection, a small lot is directly across the street if one or more of its lot lines, when extended in a straight line across the local street, intersect the property line of the lot across the street.

(vi) When a subdivision is constructed in phases, a small lot in a later phase may abut or be directly across a local street from an existing lot in an earlier phase.

(f) The small lots shall be part of a development that contains lots of at least 7,000 square feet that are necessitated by trees, steep terrain or other topographic constraints.

(g) The small lots shall not exceed 35 percent of the lots in the total subdivision.

(h) The number of lots having a minimum area of 7,000 square feet shall equal or be greater than the number of small lots in the subdivision.

(i) The average lot width shall be at least 30 feet.

(j) When a lot has frontage on a public street, the minimum lot width shall be 50 feet on a street and 30 feet around a cul-de-sac bulb.

(k) The maximum building coverage for lots 5,000 to 6,499 square feet shall be 45 percent and for lots greater than 6,499 square feet shall be 35 percent.

(l) For flag lots, the minimum lot width at the street shall be sufficient to comply with at least the minimum access requirements contained in TDC 73.400(7) - (12).

(4) Other uses as specified below:

~~(a) Cemeteries.~~

(a~~b~~) Churches or other places of religious worship and accessory uses.

~~(c) Colleges.~~

~~(d) Community buildings (public).~~

(b~~e~~) Child day care center, if all exterior walls and outdoor play areas are a minimum distance of 400 feet from the exterior walls and pump islands of any automobile service station, irrespective of any structures in between.

(c~~f~~) Governmental structure or land use including ~~public park, playground, recreation building~~, community buildings (public), fire station, public library or museum.

(g~~d~~) Retail nursery.

(e~~h~~) Hospital ~~or sanitarium~~.

(f~~i~~) Kindergarten through grade 12 S~~s~~chool.

(g~~j~~) Water reservoir with a maximum height of 75 feet.

~~(k) Any business, service, processing, storage or display essential or incidental to any permitted use in this zone and not conducted entirely within an enclosed building.~~

(h~~l~~) Golf course, country club with golf course~~, private club~~.

(~~i~~m) Agricultural animals, limited to cattle, horses and sheep, and agricultural structures such as barns, stables, sheds, but excluding feed lots, in areas designated on ~~the Tualatin Community Plan Map~~ Map 9-6 Conditional Use of Agricultural Animals. The City Council may limit the number of animals to be allowed on a specific parcel of property.

(~~i~~n) Increased building height to a maximum of ~~75~~50 feet, if all yards adjoining said building are not less than a distance equal to 1 1/2 times the height of the building.

~~(o) Nursing or convalescent home.~~

(k~~p~~) Retirement housing conforming to the standards in TDC 34.160 - 34.170.

~~(q) Electrical substation and above ground natural gas pump station.~~

Section 6. TDC 41.015 is amended to read:

Housing density shall not exceed 10 dwelling units per net acre, except as set forth below:

(1) Where provided by TDC 41.150.

(2) The maximum density for singlewide manufactured dwelling parks or parts of parks used for singlewide units shall not exceed 12 dwelling units per net acre.

(3) The maximum density for residential facilities, nursing facilities ~~and convalescent homes~~ and retirement housing in accordance with 34.170(2) shall not exceed 15 dwelling units per net acre.

Section 7. TDC 41.030 is amended to read:

No building, structures or land shall be used, and no building or structures shall be erected, enlarged or altered, except for the following uses:

(1) Townhouses and multi-family dwellings, including duplexes and triplexes.

(2) Condominiums constructed in accordance with TDC 40.030(2).

(3) Manufactured dwelling parks, in the locations designated by the Tualatin Community Plan Map and constructed in accordance with TDC 34.190.

(4) Single family dwellings in a small lot subdivision.

(5) Greenways, and Natural Areas, including but not limited to bike and pedestrians paths and interpretive stations.

(6) Density transfer project approved by the City prior to April 25, 1994, subject to TDC 41.320.

(7) Residential homes.

(8) Residential facilities.

(9) Nursing facility.

(~~9~~10) Family day care provider, provided that all exterior walls and outdoor play areas shall be a minimum distance of 400 feet from the exterior walls and pump islands of any automobile service station, irrespective of any structures in between.

(11~~10~~) Sewer and water pump stations and pressure reading stations.

(12~~11~~) Wireless communication facility attached, provided it is not on a single-family dwelling or its accessory structures.

PTA-09-09: ANALYSIS AND FINDINGS

The approval criteria of the Tualatin Development Code (TDC) 1.032 must be met if the proposed PTA is to be granted. The Plan Amendment criteria are addressed below.

A. 1. Granting the amendment is in the public interest.

The proposed amendment to the Tualatin Development Code (TDC) amends the lists of uses in TDC Chapters 40 Low-Density Residential (RL) and 41 Medium Low-Density Residential (RML), amends the provisions allowing expansion of certain non-conforming uses in TDC Chapter 35 and amends terms and definitions in TDC 31.060. The public interest is to:

1) Review the conditional uses allowed in residential planning districts and determine whether the uses are or are not suitable or desirable for location within a residential area. Determine uses to be retained as a conditional use, changed to a permitted use, or removed as an allowed use in all or certain residential districts. Modify the terms and definitions of certain uses for suitability in residential districts and consistency with current State of Oregon provisions and development practices.
2) Consider the impacts on existing conditional uses in residential planning districts when removing or revising the lists of conditional uses. Consider providing existing conditional uses that become non-conforming through the proposed amendment and are determined to be an appropriate facility in a particular location, a viable means to continue a reasonable operation or to change the planning district designation to a one that allows the use.
3) Consider the effect of changing the list of allowed uses in residential planning districts on the residential land supply in respect to Statewide Land Use Planning Goal 10-Housing and the Metro Urban Growth Management Functional Plan (MUGMFP) Title 1–Table 1 Dwelling Unit Capacity.

Based on the Council's discussions and direction from the five Work Sessions on conditional uses in residential planning districts, staff prepared draft language amending the lists of uses in TDC Chapters 40 (RL), 41 (RML), amending the provisions allowing expansion of certain non-conforming uses in TDC Chapter 35 and amending terms and definitions in TDC 31.060.

As proposed in the draft language, schools, churches, child day-care centers, governmental structures, hospital, water reservoir, golf course (country club), and retirement housing will remain as conditional uses allowed in residential districts. Public parks, playgrounds and recreation buildings will be classified as permitted uses. Nursing homes will be removed from RL, redefined, and allowed in the RML, RMH (Medium-High Density Residential), RH (High Density Residential) and RH/HR (High Density/High Rise Residential) Planning Districts.

Cemeteries; colleges; business, services, storage & other activities incidental to permitted uses; retail nursery; sanitarium; private club; keeping of agricultural animals; and electrical substation or above ground natural gas pump station will no longer be

listed as allowed uses in residential planning districts. The existing cemetery and power substation currently with conditional use permits in RL will become non-conforming and allowed to expand or enlarge on the property.

A "school" use in residential district will be specified as "Kindergarten-12th Grade" and "country club" will be specified as "Country Club with golf course". Additional building height is proposed to be reduced from the 75 ft. currently allowed as a conditional use in residential planning districts to a maximum 50 ft. height. (Attachment A, pg. 2)

Public Interest #1. The City Council began the review of conditional uses in residential planning districts in response to concerns about the suitability and appropriateness of the conditional uses currently allowed in the RL planning district and other residential districts and the Council's ability to address development issues in the conditional use and quasi-judicial land use process.

The list of conditional uses in residential areas in the current TDC is similar to the list of conditional uses in earlier versions of Tualatin's Zoning Code from the 60's & 70's and the Community Plan/ Development Code from 1978 thru today. Allowing schools, churches, community buildings, parks, country clubs, hospitals, government and public facilities in residential areas as a conditional use is very common among cities in Oregon and other states. Traditionally and practically, these uses (especially schools & churches) have been considered semi-public uses that belong with and are supportive of residential neighborhoods, subject to conditions deemed necessary by the local government.

With changing urban and residential development trends and with changes to how residents view the benefits and impacts of public and private facilities located in or near their neighborhood, the older or existing lists of conditional uses may include outdated terms or in today's development marketplace, include activities that may not be viewed as compatible with residential areas as they maybe once were. From just the aspect of building or facility size, siting even a traditionally acceptable and desired use such as a new school or church in a residential area can be a controversial and difficult land use issue to consider in a conditional use permit process.

Since the current lists were established, another change significantly affected how a City can address a conditional use permit land use application. Conditional use permits can no longer be employed as a way to restrict locating a listed use and its improvements on a property where decision makers, neighboring property owners or other interests believe it is unsuitable. Following decisions by Oregon courts on land use and conditional uses, local decision-makers are constrained from denying a conditional use permit unless it can be shown that the proposal does not meet the conditional use criteria and any specific harms or impacts cannot be legally or physically mitigated. A conditional use permit applicant must show that the applicable Development Code provisions are met (eg. specific Planning District standards for setbacks or lot size and TDC Chapter 73 Community Design standards for screening of outdoor activities, etc.) and the five criteria for conditional use approval in TDC 32.030

(1-5) are satisfied. In the public hearing, the local decision makers must make a judgment if the applicable standards or the conditional use permit criteria are met as proposed, or not. If a standard or criteria could be met or mitigated by a limitation or required improvement, the City can grant the particular conditional use with conditions of approval such as requiring additional parking or screening of outdoor storage.

The conditions of approval must meet the legal tests of having a direct relationship between the proposed use and meeting a particular standard, and are proportional to the specific impacts of the use to public facilities or surrounding properties. A condition requiring a large-scale (ie. costly), off-site public facility improvement may not meet legal tests in a conditional use permit process, but may be legally defensible as a condition in a specific development project in an Architectural Review or Subdivision decision. Denial of a conditional use permit is difficult because it would require detailed findings of fact showing that the proposed use will cause specific harms or impacts that cannot be legally or physically mitigated.

As discussed by the Council in the Work Sessions and proposed in the draft language, schools, churches, child day-care centers, governmental structures, hospital, water reservoir, golf course (country club), and retirement housing will remain as conditional uses allowed in residential districts. The Council agreed that the uses were desirable facilities in the community and generally appropriate in a residential planning district given the level of activity in comparison to residential uses, the scale of typical facilities and agreed that the existing facilities located in residential districts were examples of that appropriateness. The proposed language includes revisions for clarity such as adding "Kindergarten thru 12th Grade" to the "schools" conditional use and specifying that a country club "with golf course" is the allowed use.

Also the Council believed that "additional building height" conditional use be reduced from 75 ft. to 50 ft. for compatibility with neighboring residential development. The need for a future review of the criteria and standards for conditional uses with an additional review of the list of conditional uses was discussed at Work Sessions IV and V.

In discussion, the Council believed that public parks, playgrounds and recreation buildings were very appropriate uses in residential areas and recommended they be allowed as permitted uses. Each public park in Tualatin has conditional use approval for location in a residential planning district. The City's parks and recreation facilities are designed to fit in a residential setting and City park siting and design is subject to an extensive public involvement process administered by the Community Services Department and the Tualatin Parks Advisory Committee.

Out of the Council's concern for the appropriateness of the scale of a large nursing home facility in comparison to nearby single family residential properties, the proposed amendment would remove Nursing Homes from the RL Planning District. Nursing homes are redefined in respect to current Oregon Department of Human Services terminology and the residential care services marketplace (ie. recently with the Marquis Companies assisted living, skilled nursing and independent living project). As proposed,

nursing homes will be allowed as conditional uses in the RML, RMH (Medium-High Density Residential), RH (High Density Residential) and RH/HR (High Density/High Rise Residential) Planning Districts where the scale of a care facility is comparable to multi-family developments allowed in those districts.

In Work Session, the Council determined that cemeteries; colleges; business, services, storage & other activities incidental to permitted uses; retail nursery; sanitarium; private club; keeping of agricultural animals; and electrical substation or above ground natural gas pump station are not appropriate as new conditional uses in residential planning districts. Concerns were expressed about the uses listed above for potential higher levels of on-site and off-site activity, the larger scale of buildings and facilities, an increase in traffic in residential areas and for potential conflicts with single family and multi-family residential use. The Council was also concerned about the ability to address issues of the compatibility of larger scale buildings compared to nearby residential development and traffic impacts to residential streets in the conditional use permit process.

The proposed language in amendment PTA-9-09 is a product of the Council's review of conditional uses in residential planning districts and the Council's determinations of uses that are desired and suitable for location in a residential area. The proposed language provides clarification, specifies certain forms of uses and provides updated terms and definitions of conditional uses allowed. The proposed amendment satisfies the Public Interest #1.

Public Interest #2. In Work Session, the Council examined existing conditional uses located in residential districts as examples of how the use was suitable for the residential location and to consider the impact on individual facilities such as schools, churches, day care centers, cemeteries and others if the use was no longer listed as an allowed use and became a non-conforming use. The Council members believed that the existing Winona Cemetery (Only cemetery in residential area)(Located in RML on SW Tualatin Road) and the existing PGE Substation (Only power substation in residential area) (Located in RL on SW Borland Road) conditional uses are suitable in their current locations and, subject to their respective conditional use permits, should be allowed to expand or enlarge on the property the facility was approved on. The proposed amendment to TDC Chapter 35 is intended to allow the "grandfathering" of the Winona Cemetery and the PGE substation as exceptions to standards in TDC 35.020 limiting the expansion or enlargement of non-conforming uses.

The revisions to the Non-conforming Use provisions and identification of the existing cemetery and existing electrical substation as eligible for grandfathering satisfies Public Interest #2.

Public Interest #3. The Council was observant of the effects of actions such as creating non-conforming uses that would have the potential to remove land from the City's residential land inventory. The proposed PTA-09-09 amendments to conditional uses in the residential districts will not change schools, churches and parks as allowed uses.

The typically large property size of the three uses represents the largest amount acreage of non-residential uses in RL and other residential districts. The proposed amendment does not force or encourage school, church or public park facility to seek a change to a commercial or institutional planning district. The existing cemetery and electrical substation are allowed to expand at their existing locations, remaining in the residential district. The uses proposed to be removed from residential districts (and not grandfathered) are not existing conditional uses and do not represent a reduction of the residential land supply.

The City's residential land supply, minimum residential density, multi-family mix and residential capacity obligations for Oregon Goal 12 and Metro Regional Urban Growth Functional Plan are not expected to be affected by the proposed amendment. Public Interest #3 is met.

The public interest items 1-3 are met and granting the amendment is in the public interest. Criterion "1" is met.

B. 2. The public interest is best protected by granting the amendment at this time.

As stated above, the proposed amendment is the product of City Council interest in having suitable and appropriate uses in residential areas. The Council has responded to concerns about the non-residential use currently allowed in the RL- RH Planning Districts and carefully considered which ones are suitable and represent minimal impacts on residential development. Granting the amendment at this time, rather than delaying its implementation to a later date, will ensure that non-residential development and larger scale development in the residential areas can be compatible and adequately mitigated where necessary.

The public interest is best protected by granting the amendment at this time.

Criterion "2" is met.

C. 3. The proposed amendment is in conformity with the applicable objectives of the Tualatin Community Plan.

The applicable objectives of the Tualatin Community Plan are presented below.

TDC 4.050 Community Growth Objectives (6)"Arrange the various land uses so as to minimize land use conflicts and maximize the use of public facilities as growth occurs."

The proposed changes to the list of conditional uses allowed in residential planning districts is intended to minimize conflicts between residential development and non-residential uses that have an activity level, scale of building and facility and traffic impacts that are not suitable or appropriate for residential areas. The proposed amendment conforms to TDC 4.050(6).

The proposed amendments conform to the applicable objectives of the Tualatin Community Plan.

Criterion "3" is met.

D. 4. The factors listed in Section 1.032(4) were consciously considered:

The various characteristics of areas in the City.

RL Planning Districts are primarily characterized by low-density, detached, single-family dwelling development. The RML, RMH, RH Planning Districts are primarily characterized by the attached, 2-3 story, multi-family housing developments. Schools, churches, parks are the predominant non-residential use in terms of land acreage and facility size.

The proposed amendment changing the lists of allowed uses in the RL and RML Planning District acknowledges the compatibility of schools, churches and parks and retains other non-residential uses that are consistent with the scale, appearance, activity levels and traffic patterns of residential housing development. The intent of the proposed amendment is to maintain or improve compatibility with the characteristics of the residential areas of Tualatin .

The suitability of the area for particular land uses and improvements.

As discussed above, the Council examined the suitability of the non-residential conditional uses currently allowed in RL thru RH/HR Planning Districts. The proposed amendment refines the existing list somewhat and removes uses with the accompanying development improvements and activities that are considered unsuitable in the residential districts.

Trends in land improvement and development.

At this time, the existing re-developable or undeveloped land in Tualatin's residential districts is limited and often constrained by irregular lot configurations and environmental restrictions on natural features such as streams and wetlands. Market trends to smaller residential lot sizes and the prevalence of the physical constraints reduces the interest of residential development on the re-developable or undeveloped lots and makes the properties more viable for non-residential uses allowed by conditional use. In the future if Tualatin adds additional territory for residential uses, It will be important to have the desired kinds of uses such as schools, churches and infrastructure as allowed uses and a revised list of conditional uses deemed appropriate for residential districts.

Property values.

The proposed amendment is focused on residential districts and would not be expected to have effects on residential property values. The proposed changes to the list of conditional uses allowed in residential districts will have no effect on the property value of developments such as schools, churches and parks. There is little or no effect for

uses that are not established at this time or for the "grandfathered" uses of cemetery and power substation. Existing conditional uses proposed for removal from the list such as "private club" would become legal non-conforming and can remain as established or approved.

The needs of economic enterprises and the future development of the area.

The proposed amendment emphasizes residential uses and residentially supporting uses in the RL, RML, RMH, RH and RH/HR Planning Districts.

Needed right-of-way and access for and to particular sites in the area.

The amendment does not affect right of way and access.

Natural resources of the City and the protection and conservation of said resources.

Not applicable because the proposed amendments do not impact or alter natural resources associated with a development.

Prospective requirements for the development of natural resources in the City.

Not applicable because proposed amendments do not impact or alter natural resources associated with a development.

The public need for healthful, safe, aesthetic surroundings and conditions.

The purpose of the proposed amendment is to revise the list of conditional uses in residential districts to emphasize residential uses and residentially supporting uses in the RL, RML, RMH, RH and RH/HR Planning Districts. The conditional uses allowed are compatible with residential development and ensure an aesthetic surrounding.

This protects the public need for healthful, safe and aesthetic surroundings and conditions.

Proof of a change in a neighborhood or area.

The proposed amendment is focused on residential planning districts as a whole and not on a particular neighborhood or area.

A mistake in the plan map or text.

None is alleged.

The factors listed in Section 1.032(4) were consciously considered.

Criterion "4" is met.

E. 5. The criteria in the Tigard-Tualatin School District Facility Plan were considered.

The criteria in the Facility Plan were considered and found to not be applicable to this amendment regarding conditional uses because it does change the conforming status of existing school sites and does not represent a constraint or conflict with land available for future school sites.

F. 6. Oregon Statewide Planning Goals

The Oregon Land Conservation and Development Commission acknowledged the Tualatin Community Plan in 1981, and through post-acknowledgement amendments, as complying with all the applicable Statewide Planning Goals. The proposed PTA is consistent with the State of Oregon Planning Goals and applicable Oregon Administrative Rules as follows:

Goal 1 – Citizen Involvement – The general public, through Tualatin's local program of citizen involvement, including public TPAC committee meetings, has the opportunity to participate in the development and adoption of legislation needed to carry out the Tualatin Community Plan objectives. The proposed amendment will change the list of conditional uses in residential planning districts, allowing some, removing some from the current list and "grandfathering" an existing cemetery and power substation. Conditional Use Permits are considered in a quasi-judicial land use decision process that includes substantial opportunity for citizen involvement.

The proposed amendment is consistent with Statewide Planning Goal 1.

Goal 2 – Land Use Planning – The proposed amendments to the TDC are found to be internally consistent with the remainder of the elements of the TDC, with the METRO Urban Growth Management Functional Plan, and without exception to the Oregon Statewide Planning Goals. The proposed amendments are consistent with Statewide Planning Goal 2.

Goal 3 – Agricultural Lands – Not applicable.

Goal 4 – Forest Lands – Not applicable.

Goal 5 – Natural Resources, Scenic and Historic Areas, and Open Spaces – Not applicable.

Goal 6 – Air, Water and Land Resource Quality – Not applicable.

Goal 7 – Areas Subject to Natural Disasters and Hazards – Not applicable.

Goal 8 – Recreational Needs – The proposed amendment classifies public parks as a permitted use and continues to allow golf courses as a conditional use. The recreational needs of the City are not harmed by the proposal.

Goal 9 – Economic Development – Not applicable.

Goal 10 – Housing – The purpose of the proposed amendment is to promote and protect the general welfare of the City by ensuring that uses allowed in residential planning districts are compatible with residential development. The proposed amendment will not jeopardize the City maintaining its regional housing density and housing mix standards that are a principal element of Goal 10 implementation (in the Metropolitan Housing Rule, OAR-660-007). The amendment does not remove land from the inventory, does not change the density or designation of residential land and does not force a plan map amendment to change a property's designation from residential to another non-residential designation such as Institutional. Therefore, the proposed amendment complies with the Housing Rule. The Metropolitan Housing Rule is a State of Oregon Administrative Rule that applies to the cities and counties within the metropolitan Portland urban growth boundary. While applying to the Portland region, it is not imposed by Metro, the Regional Government

There is no evidence that the proposed amendment will create a barrier to development of new housing in residential districts. The proposed amendment, therefore, is in conformance with the intent of Goal 10, which is to provide for the housing needs of citizens of the state.

Goal 11 – Public Facilities and Services – The proposed amendment includes language allowing an existing power substation to expand or enlarge as a non-conforming use. New substations will not be allowed in residential planning districts, but will remain as allowed uses in commercial, industrial and institutional districts. The proposed amendment, therefore, is consistent with Statewide Planning Goal 11.

Goal 12 – Transportation – No change to transportation system demand or capacity is attributed to the conditional use in residential plan amendment. The proposed amendment is consistent with Statewide Planning Goal 12.

Goals 13 through 19 – Statewide Planning Goals 13 through 19 were considered and found not applicable to the proposed amendment.

The proposed amendment is consistent with the applicable Statewide Planning Goals and applicable Oregon Administrative Rules.

G. 7. Metro's Urban Growth Management Functional Plan (UGMFP).

Staff reviewed the PMA in terms of the Metropolitan Service District's Urban Growth Management Functional Plan as provided in Metro Code, Title III, Planning, Chapter 3.07 Urban Growth Management Functional Plan. The UGMFP and TDC Map 9-4 Design Type Boundaries, identify the Residential Planning District as "IN-Inner Neighborhood" and "ON-Outer Neighborhood". The proposed amendment revising the

list of non-residential conditional uses allowed in residential planning districts is consistent with the Functional Plan as follows:

Title 1 – Housing and Employment Accommodation – Table 1 in Title I states the City's housing capacity from 1994 and 2017 is 4,054 dwelling units. The housing capacity target is to be achieved by providing a potential for housing development within the City's Planning Area considering an amount of zoned and developable residential land (land designated in RL – RH/HR Residential Planning Districts) and an amount of land eligible for residential development (land in commercial or MC Planning Districts eligible for residential uses). The purpose of the proposed amendment is to sort out undesirable or incompatible non-residential conditional uses from residential planning districts. The opportunity achieve the target housing capacity is not reduced. The proposed amendment is consistent with Title 7

Title 2 – Regional Parking Policy – Not applicable.

Title 3 – Water Quality, Flood Management and Fish and Wildlife Conservation – Not applicable.

Title 4 – Industrial and Other Employment Areas – Not applicable.

Title 5 – Neighbor Cities and Rural Reserves – Not applicable.

Title 6 – Central City, Regional Centers, Town Centers and Station Communities – Not applicable.

Title 7 – Affordable Housing – The purpose of the proposed amendment is to sort out undesirable or incompatible non-residential conditional uses from residential planning districts. The opportunity for affordable housing is not affected. The proposed amendment is consistent with Title 7.

Title 8 – Compliance Procedures – Notice of the proposed amendment was mailed to the METRO Chief Operating Officer on October 15, 2010. The proposed amendment is consistent with Title 8.

Title 9 – Performance Measures – Not applicable.

Title 10 – Functional Plan Definitions – Not applicable.

Title 11 – Planning for New Urban Areas – Not applicable.

Title 12 – Protection of Residential Neighborhoods – Not applicable.

Title 13 – Nature in Neighborhoods –Not applicable.

Granting the amendment is consistent with the METRO's Urban Growth Management Functional Plan.

Criterion 7 is met.

H. **8. Granting the amendment is consistent with Level of Service F for the p.m. peak hour and E for the one-half hour before and after the p.m. peak hour for the Town Center 2040 Design Type (TDC Map 9-4), and E/E for the rest of the 2040 Design Types in the City's Planning Area.**

The proposed amendment does not result in any development, does not change any land use designations, and does not alter the carrying capacity or number of vehicle trips for transportation facilities. Therefore, the proposed amendment has no impact on transportation facility capacity

Mayor Lou Ogden
Will Harper
Members of the Tualatin City Council

My great grandparents William and Rosa Jurgens purchased 140 acres of farm land in 1869. I now own and operate five acres of that farm, which has been recognized as a Century Farm by the Oregon Department of Agriculture as well as the Oregon Historical Society. The William Jurgens farm is the only Century Farm in Tualatin.

For 141 years this land has been a productive farm. As a child I milked cows on my parents' dairy. We grew strawberries, black raspberries, hay, and row crops. We raised pigs, chickens and horses as well as cows. When Apache Bluff was developed into housing, many residents said they enjoyed seeing my dad's horses and cows.

I have tried to follow my ancestors' lead in being a good a steward of the land. I am now in the midst of harvesting holiday trees. My land is outside the city limits, and I have my own well and septic tank.

The property north of Hazelbrook Road from Jurgens Road and the wetland clear to the golf course was once part of the Jurgens farm. Those property owners wish to be included in the exclusion to the proposed amendment that would not allow animals other than household pets. I would also like to be included in the exclusion, but understand I have been left out. Why has part of the old Jurgens farm been chosen to be excluded but not my property?

When my kids were growing up, they raised steers as 4-H projects. I do not currently own any animals, but my grandsons, who live on Shasta Trail, would like to have a pony on their nana's farm when they get a little older.

It does seem like if any property is "grandfathered in" mine should be.

Thank you for considering my request to be included in the exclusion.

NOTICE IS HEREBY GIVEN that a public hearing will be held before the City of Tualatin City Council at 7:00 p.m., Monday, November 22, 2010, at the Council Building, Tualatin City Center, at 18880 SW Martinazzi Avenue, to consider:

PLAN TEXT AMENDMENT (PTA) 09-09—AN ORDINANCE RELATING TO CONDITIONAL AND PERMITTED USES IN RESIDENTIAL PLANNING DISTRICTS; AND AMENDING TDC 31.060, 35.020, 40.020, 40.030, 41.015 & 41.020 (PTA-09-09)

Before granting the proposed amendments, the City Council must find that: (1) Granting the amendments is in the public interest; (2) The public interest is best protected by granting the amendments at this time; (3) The proposed amendments are in conformity with the applicable objectives of the Tualatin Community Plan; (4) The factors listed in Section 1.032(4) were consciously considered; (5) The Tigard Tualatin School District Facility Plan was considered; (6) The amendments are consistent with the Statewide Planning Goals; (7) The amendments are consistent with the Metro Urban Growth Management Functional Plan; and (8) The amendments are consistent with Level of Service F for the PM peak hour and E for the one-half hour before and after the PM peak hour for the Town Center 2040 Design Type and E/E for the rest of the 2040 Design Types in the City's planning area.

Individuals wishing to comment may do so in writing to the Planning Division prior to the hearing and/or present written and/or verbal testimony to the City Council at the hearing. Hearings begin with a staff presentation, followed by testimony by proponents, testimony by opponents, and rebuttal. The time of individual testimony may be limited. If a participant requests, before the hearing is closed, the record shall remain open for at least 7 days after the hearing. The failure of the applicant to raise constitutional or other issues relating to proposed conditions of approval with sufficient specificity to the decision maker to respond to the issue precludes an action for damages in circuit court.

Copies of the application, all documents and evidence relied upon by the applicant and applicable criteria are available for inspection at no cost and will be provided at reasonable cost. A copy of the staff report will be available for inspection at no cost at least seven days prior to the hearing, and will be provided at reasonable cost. **For information contact William Harper, Associate Planner at (503) 691-3027 or wharper@ci.tualatin.or.us.** This meeting and any materials being considered can be made accessible upon request.

SUBJECT: SELECTION OF THE PUBLIC INVOLVEMENT CONSULTANT FOR THE TRANSPORTATION SYSTEM PLAN UPDATE

ISSUE BEFORE THE COUNCIL:
Selection of JLA Public Involvement as the public involvement consultant for the Transportation System Plan (TSP).

RECOMMENDATION:
Staff recommends that the Council accept the recommendation from the Review Committee for the public involvement consultant and direct the City Manager to negotiate a scope of work and enter into a contract with JLA Public Involvement.

EXECUTIVE SUMMARY:

- A Request for Qualifications was published in the *Daily Journal of Commerce* on October 15, 2010 and posted on the City website.
- The Request for Qualifications were due on Monday, November 8, 2010, at 5:00 p.m. Ten companies responded and are listed below:
  - Barney & Worth, Inc
  - Berger ABAM
  - Cogan Owens Cogan
  - Elway Trimble Communications
  - H2 Outreach, LLC
  - JLA Public Involvement
  - Light Rain Communications

  - Lois D Cohen Associates
  - MIG
  - Pac/West

- A Review Committee comprised of city staff and citizens, reviewed the responses and selected five companies to Interview.
- On December 1st and 2nd, 2010 the Review Committee interviewed the following companies:

  - Barney & Worth, Inc
  - Cogan Owens Cogan
  - JLA Public Involvement
  - Lois D Cohen Associates
  - MIG

- The Review Committee selected JLA Public Involvement.

OUTCOMES OF DECISION:
Accepting the recommendation will result in the following:

- Ability to move forward with negotiating a scope of work and contract.
- Begin creating a public involvement plan for the TSP.

Not accepting the recommendation will result in the following:

- All work on the public involvement for the TSP will stop.

FINANCIAL IMPLICATIONS:
Funds are available for this under the Transportation System Plan Update, funded by the Road Operating & Gas Tax Fund.

1. INTRODUCTION

The City is requesting a statement of qualifications from an innovative and savvy consultant or team to assist in the design, development and implementation of a Public Involvement Plan. Such a plan will be used for the City's Transportation System Plan update but it should be transferrable to interrelated land use and transportation planning projects occurring simultaneously. This public involvement plan should be designed to elicit diverse participation and actively engage the Tualatin community, City Council members and other key stakeholders in planning processes.

This Request for Qualifications is for the Public Involvement portion of the Transportation System Plan (TSP) and other City projects. There will be a separate Request for Qualifications for the technical transportation modeling and analysis and/or land use analysis for the TSP. The public involvement consultant selected in this process will be expected to work as part of the final selected consultant team.

2. BACKGROUND

The City of Tualatin lies within the Portland metropolitan region and has a current population of 26,130. Over the last 18 months, a number of high profile development projects and quality of life concerns have motivated residents to advocate for much more involvement at the neighborhood level. A citizen group is in the beginning stages of discussing and developing a neighborhood based citizen involvement system for Tualatin, in an effort to enhance communication with the City and ensure that Tualatin neighborhoods continue to be livable, safe communities.

The City of Tualatin recognizes that a TSP is best served when developed with organic public input and involvement representing a diverse cross-section of the community. Residents have advocated the City needs to more aggressively engage citizens in planning processes and projects. This public involvement plan and process is one of several new initiatives to better involve residents in development and planning projects.

The City of Tualatin is required to update its current TSP by 2013. Public involvement is required as part of that update. The City seeks to enhance its traditional public involvement process with much broader public participation. The City is expecting this public involvement process to act as the most important part of the TSP update.

3. SELECTION PROCESS

A selection committee will review written proposals and interview candidates as needed to make the final selection. The committee will chose the successful consultant, individual or firm, hereafter called "applicant".

Timeline for Selection

RFQ applications available to the public	Wednesday, October 13, 2010
Written proposals due at 5:00 PM	Monday, November 8, 2010
Interviews	Week of November 29, 2010
City Council Action	December 13, 2010
Work begins	January 3, 2011

The City reserves the right to make adjustments to the above noted schedule as necessary.

4. SELECTION CRITERIA

The City of Tualatin is seeking statement of qualifications that demonstrate experience in community organizing, building community identity, meeting facilitation, conflict resolution, strategic use of social media and traditional outreach methods, and development and implementation of robust public involvement plans.

The public involvement process for the Tualatin TSP update and other projects should actively engage the community in envisioning, debating and identifying transportation priorities. Such a process should educate the community about technical issues and policy choices. It should create a feedback mechanism to help inform policy choices, and it should foster new partnerships. This process should engage a diverse cross section of the Tualatin community. A public involvement plan should develop and communicate a clear understanding of how participation factors into decision making. The successful applicant shall demonstrate outstanding competence and experience relating to the following criterion:

A. **Ability to develop and design a Public Involvement Plan for complex and technical projects:**
Describe your strategy in developing public involvement plans for city planning projects such as a TSP update and other high profile complicated public projects. The City requires an innovative robust plan that involves more citizen input and participation than the typical government public involvement process. How would you meet this requirement? How can you reach citizens not normally involved and get their input?

B. **Ability to organize a diverse group of individuals with passionate perspectives:**
Describe your strategy for designing community interactions where a variety of opinions and viewpoints exist. Describe the different types of community meetings that would be important in a public involvement plan for a TSP update. What are the goals and expected outcomes from the meetings? Describe how you determine what type of community meeting to hold? What strategies have you used in other projects to help staff learn how to better facilitate meetings?

C. **Ability to measure results:**
Describe your strategy in measuring results from each part of the public involvement process.

D. Ability to communicate to the community and use feedback:
Describe your strategy to create and use feedback from the community. How do you ensure information is disseminated back to the community? What is the feedback loop? What are the advantages of web surveys, taped and live cable TV shows? How have you utilized social media in similar planning projects? What are relative advantages and disadvantages of traditional outreach and new technologies to communicate with a diverse cross section of a community? Give examples of how you have communicated technical concepts and issues to the general public.

E. Ability to create a toolkit for the City's future use:
Describe your strategy in designing a final follow-up document that the City can use to inform future public involvement processes. How would you communicate lessons learned and debrief the process?

F. Achievements:
What do you consider your greatest achievements or proudest moments to be in the fields of Innovation, Partnerships, Collaboration, and Community Building? How would your experiences in these achievements and moments benefit the Tualatin TSP?

5. SUBMISSION REQUIREMENTS

Each submittal should provide the following information for consideration by the selection committee:

- A response to the selection criteria
- A brief description of your firm's, or your, professional experience
- Describe your firm's, or your, capability in providing consulting services and identify who would provide such services
    - Identify the day to day project manager and the principal in charge
    - Identify the project team members
- Identify your firm's, or your, current municipal experience and indicate which agencies your firm has served within the last five years
    - Provide references from relevant projects

Submit 10 copies in response to this Request for Qualifications. Submittals must be clearly marked "Request for Qualifications for Public Involvement Consultant". No proposal shall be longer than 10 pages in length. Those responses shall be submitted by 5:00pm, Monday, November 8, 2010 to:

Collaborative Planning, Decisions & Communication

CITY OF TUALATIN RFQ SELECTION CRITERIA RESPONSES

jla public involvement

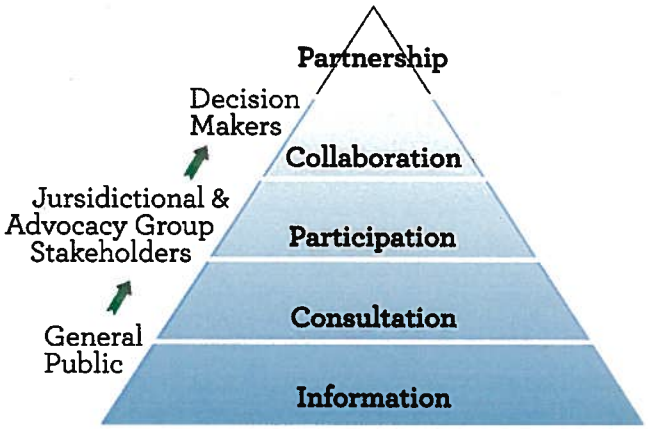
A. Ability to develop and design a Public Involvement (PI) Plan for complex and technical projects.

"One size fits all" is seldom true in clothing and certainly not in public involvement. We work with clients to tailor a public involvement plan that meets the goals of their project. Our strategy for designing a public outreach program considers all of the parameters that can influence the project – community history, known constraints (such as schedule or budget limitations), unique or evolving circumstances, policy directives and most importantly the stakeholders we need to reach.

JLA commonly works in a joint city-consultant teamwork process to develop the PI plan. The following process describes the main steps in creating an effective PI plan and taken as an approach template forms the basis for a successful PI program.

1. We typically begin with what we call an "I³ assessment." Together with our client, we identify who is ***Interested, Impacted and Influential*** with respect to the project. It is especially important to pause during this exercise and focus on citizens who may not normally get involved but have a stake in the outcome of the project. Identifying them early helps in establishing key messages, creating materials and building in opportunities to successfully engage those community members. These core stakeholders can then be surveyed or interviewed to determine what their key concerns are and how they can best be communicated with and involved.
2. With that information in hand we determine the level of decision-making authority most appropriate for various stakeholder groups – including elected officials. The JLA Pyramid© diagrams an escalating level of public involvement. Each step up the pyramid empowers stakeholders with greater levels of influence over project decisions – from advising to crafting solutions to implementing plans. Determining the appropriate level of engagement for each group guides decisions about which outreach tools to apply.
3. With a clear understanding of the stakeholders and their level of involvement, a customized public outreach plan will identify tools, schedule activities and assign responsibilities. Scope and cost decisions can be made to fit the city's needs and expectations. Designing and implementing public involvement plans and strategies is a core function of our firm and is included in virtually every project we do.

2000 U.S. Census data reveal characteristics of your community that can provide valuable PI baseline information. With a median age of 31 and a relatively high (44%) number of renter-occupied housing units, Tualatin has a fairly young, mobile population. Hispanics make up a growing percentage of residents (12%). A significant number of stakeholders likely feel less attached to the community and many speak English as a second language. Many people commute to jobs outside of Tualatin. Involving such stakeholders in public processes requires pro-active education, cultural sensitivity and adaptive tools and techniques.



Levels of Public Involvement

JLA maintains relationships with a cadre of individual firms (many are ESB-certified) who specialize in outreach to minority and under-represented populations. We find we can often be most effective by partnering with people who know these communities best. We encourage use of translated materials and accessible meeting locations. We look for community leaders and go to those communities in their already identified gathering spots.

New technologies such as online and social media also have shown great potential in attracting new demographics into

projects including students/youth, minority groups and people who prefer to participate online rather than attending a meeting. Our New Media toolkit, outlined in greater detail in Section D, offers much potential for reaching these new target audiences.

Regardless of audience, our experience has taught us that public involvement is most effective when it is:

- **Informed** – includes front end research.
- **Accessible** – broad based, visible, and provides information and opportunities to participate effectively.
- **Continuous** – initiated early and maintained throughout the decision-making process.
- **Responsive** – genuinely considers public concerns and provides feedback.
- **Responsible** – communicates parameters, such as budgetary constraints, policy requirements, and mandates, and documents the public participation process.

Sidewalk surveys, community tabling events and neighborhood tours are effective outreach tools.

PI planning is at its heart about improving communication with constituents. Transparent communication leads to better decisions, more informed citizens, and better prepared elected officials. A basic goal of our PI planning work with you will be to promote the Tualatin Tomorrow vision that *"Governance is guided by a shared vision, proactive leadership and engaged citizens"*.

B. Ability to organize a diverse group of individuals with passionate perspectives.

JLA is pleased to have helped numerous municipalities successfully engage the public on some of the region's thorniest planning challenges over the past two decades, many involving polarized stakeholder groups. JLA's strong reputation as effective, third party facilitators and public process experts has been honed by years of forging trust, teamwork and consensus building between city staff and diverse stakeholder groups.

Our community organizing principles revolve around two basic understandings of communities:

1. **Existing communication networks exist in all communities.** They can be officially recognized – neighborhood associations/ citizen participation organizations, city and interest group newsletters and list-serves, or respected media outlets. Or they can be more grassroots – schools, churches, community centers or coffee shops. Each community has its own set of established networks. Using these networks to disseminate information, sometimes tapping into new technology, is the most cost-effective way to reach intended audiences. You are probably aware of many of Tualatin's already and we can help you uncover those that are less obvious.

2. **Agreement on the problem is critical; and orienting public process toward problem-solving is key to productive dialogue.** First, people need to agree that there is a problem and then work toward finding a solution can begin. Until a strategy to solve a recognized problem is implemented, participants with strongly held positions or viewpoints will tend to continue to express their issues or concerns rather than define their desires. Turning audiences toward expressing what they need leads them to seek solutions rather than simply venting about the issue.

Prescription for Tualatin's TSP Update

JLA's project experience with local transportation planning in Astoria, Canby, Milwaukie, Philomath, Sandy, Seaside, Sisters, Tillamook, and Washington County has taught us that there are some basic issues to consider in developing and implementing a TSP PI plan. At the outset, the I[3] public's anticipated or expected solutions to apparent transportation problems will often appear to negatively impact neighborhoods or business access and may be rejected out-of-hand by those who predict they will feel those impacts. Our challenge is to clearly identify those who feel threatened and offer them "active engagement" opportunities to help shape solutions to the agreed-to transporta-

tion problems. Too often impacted parties feel removed from government decisions; JLA's inclusive engagement approach brings them into the circle as key members of a consensus-building process.

Scoping – We will use the grassroots communications networks that exist in Tualatin – interest groups, CPO, Chamber of Commerce, schools, churches and the like to help announce the TSP update process. We supplement that outreach with online media applications and traditional mailers and flyers.

A web-based "transportation problems and opportunities" survey will continue to build public interest while supplementing the city's list of TSP issues. By seeking and incorporating widespread citizen input, we initiate broader agreement on the need for and goals of the TSP update community-wide.

Alternatives Assessment - The key to successfully addressing TSP issues with the public is to use active engagement meetings to shift participants from simply saying "no" to expressing what they want out of the transportation system. Productive community interactions occur on transportation system design when the public is actively engaged either on-site or in map-work settings. Active engagement stimulates positive conversation around solving problems. For example, property owners may declare that they cannot stay in business if access is further restricted along Tualatin-Sherwood Road. During the I-5 to 99W Connector process some creative access control solutions were drafted to address those concerns. Starting with those maps may be a way to easily lead participants into a dialogue about how to make those concepts work better or which options work best. Staff will be briefed on how to facilitate the small groups, enhancing their skills while receiving valuable roadway design feedback.

Solutions Review – In active engagement, it is important to schedule planning activities to move quickly from public input to design products – solution maps and options. Project technical staff need to show the revised plans and how feedback was incorporated in a short timeframe before elements are lost or forgotten. A more traditional open house or similar format should follow on the heels of the alternatives input above. The information that is shared during this part of the process clearly demonstrates what the city heard from its citizens and how input was incorporated into the review draft of the TSP.

Broader Community Input – JLA offers creative approaches to soliciting community-wide input to transportation planning through virtual open houses featuring online mapping programs. Community meetings for a TSP plan often are attended mainly by property owners who feel most affected. We use technology to enlarge the community

conversation to capture the input from broader interests. Our fun, interactive mapping capabilities can enhance an online virtual open house by providing people opportunities to become educated and provide informed input from their homes or offices.

It is also our experience that a small, vocal group of common interests can sometimes hold sway over a project's direction, even though they don't represent a majority opinion. Creative energy is needed to tap the broader community perspective to balance that conversation. Doing so provides the decision-makers with the information they need to make informed decisions knowing they have strong public backing. JLA's proven approaches to adaptive PI strategies have literally brought some projects back from the brink of near-certain demise. Here are a few of...

JLA'S SUCCESS STORIES.

The Philomath Couplet Project

The Philomath Couplet Project was a planning effort to alleviate traffic congestion on OR 20/34 through downtown Philomath. When vocal stakeholder opposition threatened to stall the project, JLA developed an alternative strategy to collaborate with a local high school to conduct a statistically-valid door-to-door survey. The method and results of the community-wide survey indicated much more widespread support for the project than was apparent at the public meetings. The project then overwhelmingly passed a key City Council vote and the preferred alternative was built with strong public input and support.

Sisters TSP Update

For the Sisters TSP update, JLA implemented active engagement meetings during 2007-2008. A combination of site tours and public workshops enabled an advisory committee to recommend widely-supported TSP update ideas that were adopted by City Council. Interests that had wrestled with a decades-long traffic issue of heavy trucks traveling through the center of town agreed on a seasonal bypass solution through this process. It was implemented this summer for the first time with great success.

Gateway Intersection

This project in the Springfield/Eugene area required a major traffic re-routing to enable better intersection operations. JLA worked with the immediately impacted business and property owners and helped designers tweak the re-routing to meet transportation needs with more acceptable impacts. Those property and business owners ultimately became some of the whole project's biggest supporters.

C. Ability to measure results

Pre-, mid- and post-implementation participant survey data is the ideal way to assess public involvement, especially from a programmatic perspective. The renovation of Tualatin's PI approach through this TSP update opens the tantalizing opportunity to conduct a baseline survey that the city can use and compare over time to monitor and adjust. We recommend a relatively low-cost, web-based survey be undertaken before the TSP update project begins to provide a public perception snapshot against which subsequent outreach activities can be measured.

Supplemental evaluation information can also be obtained via periodic check-ins with citizen advisory boards such as Planning, Youth, Parks or Urban Renewal to ascertain their perspective on public involvement usefulness in accomplishing their endeavors. Regular City Council work session updates provide benefits for both PI program evaluation and elected official support.

Project participants can be offered a way to evaluate the effectiveness of a particular event or the outreach process in general. Project teams are also effective for qualitative feedback on PI plan effectiveness. Those regular assessments are good PI plan management and are instructive in keeping public involvement on track.

D. Ability to communicate to the community and use feedback.

The best public process is only as effective as public awareness of it. Competition for public attention is intense. Tualatin's recent televising and live-streaming of City Council meetings is an important step in increasing public awareness of city activities.

JLA staff has extensive experience producing compelling information in all formats: print, video, audio and web-based. We are especially excited about our cutting-edge New Media toolkit. These multi-dimensional digital and electronic applications have demonstrated utility and cost effectiveness in delivering information in ways that compel public attention, gather input from a spectrum of interests spread across a wide geographic area and provide effective feedback loops.

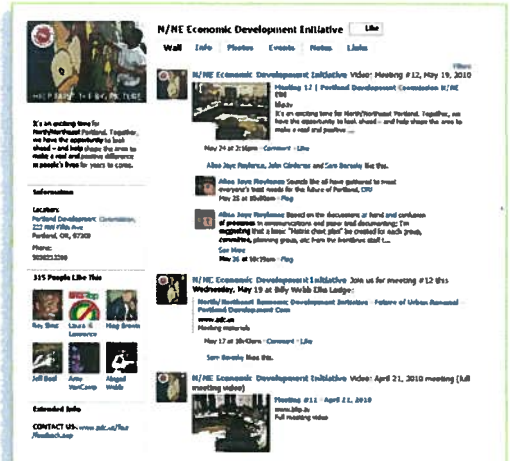
New technology communication tools add value to more traditional outreach materials. For example, traditional mailed flyers and postcards are still excellent event notification tools but now can also be disseminated via the web to even broader audiences. Files are easily shared electronically between stakeholders. Web flyers can be animated or contain links to further information for those wanting to dig in.

JLA has created several award-winning public information campaigns that used these multi-media and online interactive programs to actively include residents and stakeholders in the decision making process as well as inform the broader public.

Some of the ways we have employed new communication technology include:

- **Wikis**, for internal and project document development and review.
- **Twitte**r, for idea gathering, event notices, and construction impacts.

- **Podcasts**, commonly based on already-developed newsletter content, provide low cost added value for project interest stories, virtual tours, updates, and notices.
- **Online Video** can be easily shared between project websites and community blogs. Video summaries of meetings and open houses expand the reach and value of those events. Viewership statistics can be tracked.



Facebook page managed by JLA.

- **Interactive Maps** allow stakeholders to interact with Google maps to see and understand affected areas, project boundaries and alignments, anticipated impacts, street-level images and future condition overlays. Users can even mark maps to show areas of personal concern.
- **Blogs** provide live, 24/7 moderated public forums for project related dialogue. Blogs help to establish a sense of transparency and provide opportunities for the project team to monitor and engage issues before they become problematic. Blogs without public comments can still provide a useful stream of automatically syndicated content to subscribers.
- **Social Networks** provide a value-added way to consolidate information available though other social media platforms, including video, Twitter style project messages, images, and documents. Social media platforms may also serve as online discussion forums.

Communicating Complex Information

JLA has managed a national award winning PI program for Multnomah County in the effort to replace the aging Sellwood Bridge. During the process of screening the possible bridge type alternatives, there were so many different combinations of bridge elements to be evaluated that they combined to create 124 distinct alternatives! *"How in the world do we present this much information to the public in a meaningful way that can be understood?"* we asked ourselves. Our solution was to create our own online decision-making tool called "Build A Bridge" which turned this decision point into a puzzle, making the complicated terms and ideas easier to understand (you can try it out for yourself at http://sellwoodbridge.org/tool.aspx). More than 6,500 people used Build A Bridge by choosing their preferred elements and creating their own virtual bridges. It was immensely successful, generated a lot of free media buzz, and has since been modeled for Metro's High Capacity Transit Study. In January 2008, the Build A Bridge tool won a national award from the U.S. Transportation Research Board as an innovative way to communicate technical transportation issues to the public.

The use of these online media tools in public projects is fast, inexpensive, and virtually unlimited. Citizens receive information at their convenience on a 24/7 basis and our new media tools provide dynamic information and real-time updates to reach a wide variety of audiences. Application and management of the tools is easily learned and application skills are easily transferred to city staff during the project.

E. Ability to create a toolkit for the city's future use

Our proposed follow-up document is a reference notebook structured much like a training workbook or manual. It would include the following sections:

- **Strategy** – describes the city's values, principles and goals in conducting public involvement. It outlines the public involvement framework under which public outreach and engagement will be conducted in Tualatin.
- **Tools** – Explains and demonstrates how to select the appropriate tool(s) to meet the needs of any given project. It includes JLA's Tools-At-A-Glance chart – a matrix of nearly 50 tools categorized by outreach activities such as project scoping, advisory/problem solving groups, public conversation and information. Each tool is rated in terms of its usefulness across a range of goals from achieving consensus to simply building awareness.

- **Application Skills** – summarizes basic communication and facilitation key point reminders. It will also include templates to guide meeting preparation, facilities checklists, ground rules and citizen committee member roles.

Memorial Coliseum event planned and coordinated by JLA

We will prepare a customized guidance document that is based on lessons learned from this project as well as our many years of project experiences specializing in public involvement. Exit interviews with key stakeholders and/or city staff offer opportunities for debriefing that will inform the process moving forward.

JLA also offers in-house public involvement training modules, such as basic facilitation skills, designing effective public meetings, staff training in social/online media applications, and more.

F. Achievements

JLA is immensely proud of the fact that we remain on the forefront of innovation and creativity in community engagement. We have pioneered many tools and techniques that have been adopted by other consulting firms and public agencies alike. We firmly believe that sharing our ideas and educating others makes public process better for everyone. Our staff members regularly train others and present at professional conferences about our best practices in community engagement.

With a long history of successful public processes under our belt, it is difficult to select just a few proudest achievements. However, the following recent projects have been recognized for their innovation and successful results:

- **Damascus Concept Plan** – We helped the City of Damascus generate their start-up comprehensive plan using a series of neighbor-sponsored backyard parties and dessert socials. Through the summer of 2007, JLA recruited hosts for small gatherings – coffees, barbeques and cocktail parties – across the newly-indentified urban growth area. Neighbors talking to neighbors helped this project get started on firm footing and won a national best practice award from 3CMA. JLA also created a widely distributed 14-minute DVD to demystify the planning process, address concerns about how planning can affect property values and growth, and show citizens how they could shape their new city.

- **Memorial Coliseum Future** – We led joint staff development (JLA, Portland Development Commission, Mayor's Office, Bureau of Planning and Sustainability) of the PI plan for this first phase of the high profile Rose Quarter Development project. A full array of new media tools including blogs, Twitter, interactive web survey and video were developed by JLA and incorporated into this region-wide outreach effort. JLA planned and conducted a highly successful event – the Memorial Coliseum Future Use Marketplace – that attracted more than 650 attendees and showcased citizen concept slideshows and information tables.

- **Lake Oswego Interceptor Sewer (LOIS)** – We used the web, city newsletters and presence at farmer's markets and other community events to establish strong, widespread understanding of this complex infrastructure project. The project was one of the first in the region to successfully use social media to engage the public. Feedback has been positive even during some very disruptive construction along narrow streets around the lake and while the lake is drained to complete construction. In a sign of citizen support, the City has been deluged with requests for tours of the construction site.

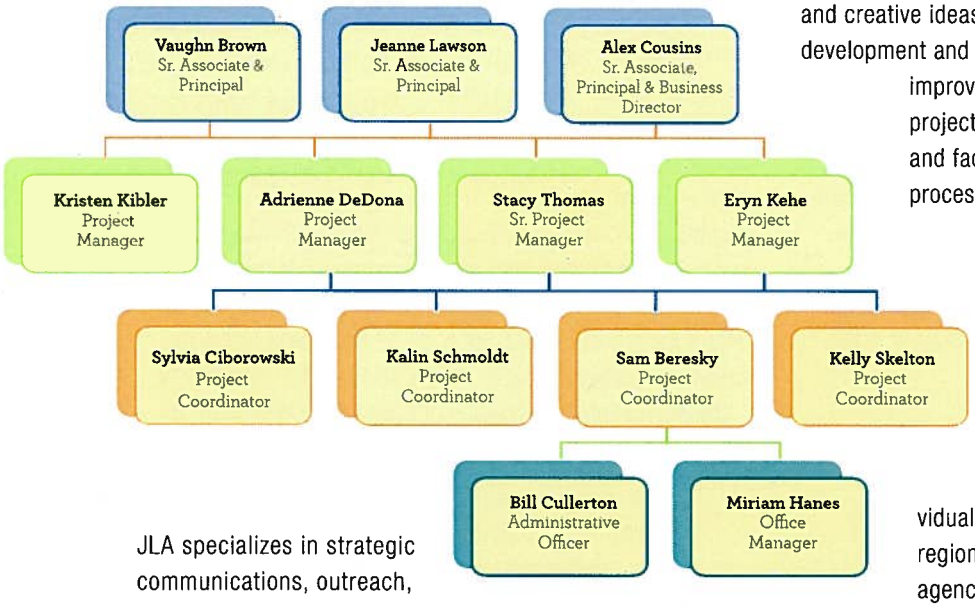
- **I-5: Delta Park Widening** – We were the PI lead for this long-planned project in north Portland. A history of interstate construction dividing this diverse neighborhood clouded participants' level of trust in the process from the outset. JLA recruited Nanci Luna Jiménez to advise on outreach tools and lead the environmental justice component of the PI plan. Over a three-year period, ending in 2006, we worked together to develop a freeway widening plan that gained broad community support and strengthened the relationship between ODOT and north Portland neighbors. The project is currently under construction on I-5 just south of Jantzen Beach.

JLA will bring to Tualatin the largest PI group with the most experience of any firm in Oregon. We are confident that our wealth of expertise and knowledge from our past successes and challenges will inform a successful, customized PI

approach for your community. We are especially excited to share with you our adaptive response to community engagement challenges. You won't find anything cookie-cutter about us. Some of our proudest moments originated from difficult and sometimes unforeseen obstacles. You will find that working with us is a dynamic process that adapts and evolves as it grows. It's where some of our most creative thinking occurs. We can't wait to roll up our sleeves and get to work with you.

DESCRIPTION OF FIRM EXPERIENCE

JLA (originally Jeanne Lawson Associates) was founded in Portland in 1988 to build constructive two-way communications and achieve consensus-based decisions between government agencies, communities and interest groups. With offices in both Portland and Vancouver, and a staff of 13 professionals, we are Oregon's largest and most respected home-grown public involvement firm. We are very proud of being a woman-owned and disadvantaged business enterprise.

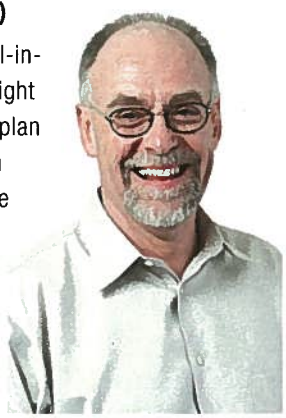


JLA specializes in strategic communications, outreach, facilitation and event planning services on public infrastructure and policy development projects. Our firm has designed and facilitated some of the most significant, complex and successful community outreach programs in the Pacific Northwest. We bring more than 20 years of experience, creativity, competency and commitment to developing successful public processes that result in sustainable community-supported decisions and outcomes. JLA has led or participated in numerous projects in a wide range of fields including: transportation planning; community development; land use planning; wastewater, sewer and storm water planning; surface water management; construction outreach; program assessment and communication; and strategic planning.

Our staff members have established strong reputations for developing effective public involvement, information and event programs on a wide range of public planning, policy and facility siting efforts. We support and facilitate comprehensive public engagement, outreach and communications processes that emphasize collaborative teamwork, context sensitive and inclusive community involvement, transparent decision-making, and on-time, cost-effective delivery of high-quality planning and communications deliverables. JLA has a well-earned reputation for helping our clients navigate complex and sometimes contentious public processes that result in successful outcomes and positive community relations.

CAPABILITY TO PROVIDE SERVICES

Vaughn Brown (Principal in Charge)



Vaughn will serve as an active Principal-in-Charge and contribute his strategic insight and creative ideas to both the TSP PI plan development and Tualatin PI approach improvement aspects of the project. He has developed and facilitated public processes for local, state and federal agencies and non-profits throughout the West for more than 25 years. He brings a very broad perspective on public decision-making, having served as a planner, project manager, and consultant on hundreds of projects ranging from individual landowner agreements to broad-based regional planning initiatives involving multiple agencies and stakeholder interests.

His strong communication and mediation skills have orchestrated consensus- based decisions, resolved disputes and enhanced agreements on public projects involving multiple jurisdictions, vocal advocacy groups, concerned neighbors and property owners, and diverse communities. Vaughn is a widely sought-after facilitator and PI practitioner who has earned trust and repeat business from clients.

Vaughn's more recent municipal projects include Portland's Combined Sewer Overflow Control program, Hillsboro's Water System Future Funding Panel, Lake Oswego Clean Streams

Plan, and Water Environment Services Watershed Action Plans.

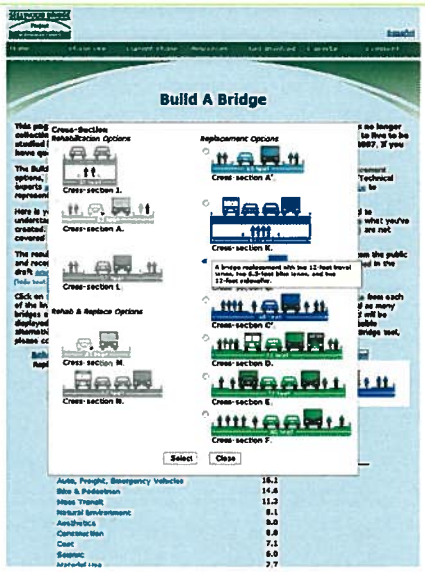
Eryn Kehe (Project Manager)

Eryn will serve as project manager, responsible for day-to-day oversight of all aspects of the project. She has more than eight years of public involvement and communication experience, five years mediation and ten years experience as a city planner. She has designed and implemented public involvement and outreach programs for numerous land use, redevelopment/urban renewal and transportation projects in Oregon, Washington and California. She has advised and counseled business associations, redevelopment advisory boards, and neighborhood associations. Eryn brings superior communication and mediation skills and has extensive experience managing projects, leading committees, conducting interviews, designing and facilitating public meetings, and crafting public information materials. Eryn received the Public Meeting Facilitator Certification from the National Charrette Institute in 2004, and currently serves as a senior-level volunteer mediator with the City of Portland Office of Neighborhood Involvement. Prior to joining JLA, Eryn worked as a Neighborhood Planner and Assistant to the City Manager in the City of Lake Oswego and as a Development Officer with the San Jose Redevelopment Agency. In those positions, Eryn built relationships between government agencies, businesses, homeowner's or neighborhood associations, and individuals.

Eryn's recent municipal work includes the Lake Oswego Interceptor Sewer, Lake Oswego-Tigard Water Supply Partnership, Tigard Urban Forestry Code Revision and North Bethany and Bull Mountain Concept Plans in Washington County.

Kalin Schmoldt (New Media Lead and Project Coordinator)

Kalin serves as a senior level coordinator and point of contact for a variety of JLA projects – from Rose Quarter redevelopment to high capacity transit. As the firm's technical and online media specialist, Kalin manages JLA's New Media Department, including building and maintaining project websites, implementing a variety of social media and online mapping tools, creating compelling logos and graphics, and developing online surveys. He is adept in the use of numerous graphics software programs, and has produced attention-grabbing newsletters, posters, brochures, DVDs, and other public informational materials. Kalin has worked on a variety of highly complex and contentious projects and has helped to create several award winning public information campaigns that used multi-media and online interactive programs to actively include residents and stakeholders in the decision making process as well as inform the broader public. He has presented new communication technology seminars at Cascade Chapter meetings of the International Association of Public Participation for the past three years.



Our Build A Bridge online tool helped people understand distinctions between up to 125 different possible alternatives for the Sellwood Bridge."

Kalin's municipal projects include Rose Quarter Development Strategy, Sellwood Bridge Replacement, Lake Oswego Interceptor Sewer, and US 97-Bend Improvements.

FIRM EXPERIENCE

JLA has served nearly every municipality and most agencies in the Portland-Vancouver region during our 22 year history. Vaughn Brown and Eryn Kehe both spent parts of their careers working for government – Vaughn as a federal watershed planner and Eryn as a city planner and neighborhood liaison. We get local government and understand the pressures and circumstances within which

you function. The list below provides a snapshot of our local municipal experience in the Portland region.

- Portland – We have completed numerous projects, big and small, in conjunction with the following departments – Bureau of Environmental Services, Water Bureau, Bureau of Transportation, Portland Development Commission, Fire Department, Bureau of Planning and Sustainability, and Parks and Recreation
- Lake Oswego – Clean Streams Plan, LOIS & LO-Tigard Water Supply Partnership
- Tigard – Summer Lake Renovation, Urban Forestry Code Revision
- Milwaukie – Transportation System Plan, Light Rail Transit Study
- Canby – Transportation System Plan
- Hillsboro – Evergreen-Helvetia Concept Plans, Water Supply Future Funding, Airport Master Plan
- Beaverton – Fanno Creek Bike/Ped Path, Fanno Creek Watershed Plan
- West Linn – Surface Water Management Plan
- Damascus – Concept Plan, Comprehensive Plan
- Sandy – Downtown Gateway Plan
- Oregon City – Comprehensive Plan
- Wilsonville – Water Treatment Plant, Boeckman Rd.-Tooze Rd. Connector

We have also worked for local, state, regional and federal agencies including Washington, Multnomah, Clackamas, and Clark Counties; Metro; Oregon Departments of Transportation, Agriculture, Environmental Quality and the Marine Board; US Department of Agriculture, Bureau of Reclamation, and Federal Highway Administration.

Community Outreach Process – Public Involvement Plan
Scope and Sequence Chart

Purpose and Goals

SAC – Representative ad hoc committee constituted to represent a cross-section of key interests in advising the Portland City Council on development options for Memorial Coliseum and the Rose Quarter. Meetings are public forums for members to have a dialogue about and reach agreement on project issues. SAC will provide feedback and recommendations. Some sub-committee work may be required during the project.

Specific Feedback Tools – Custom designed and timed to provide broader community input on targeted issues for SAC consideration throughout the project. Includes New Media and public events.

Website –Informs the public and media regarding the issues surrounding potential redevelopment of the Rose Quarter. Site will facilitate feedback from stakeholders by connecting them with staff, SAC and direct mechanisms for providing input on the process. Eventually the site will serve as documentation of the public process and will help visitors understand how and why decisions were reached and by whom.

Ongoing Tools – Supplemental to website information flow and meeting notification. Use combination of new media and more traditional outreach technology.

Waluga Reservoir - Outreach and Engagement Strategy

Goals:

Recognizing that neighbors of the Waluga Reservoir have a significant stake in changes at this publically owned site, the team will work to provide neighbors a meaningful and effective way to participate in the design of the facility through:

- Education
  - Provide neighbors an understanding of how this facility is necessary for the project as a whole.
  - Help neighbors understand the costs and benefits associated with different configurations, sizes and shapes.
  - Illustrate sight impacts using renderings.
  - Make it clear what elements of site and facility design are negotiable and the reason why certain elements are not
- Good Neighbor Agreement
  - Listen to, understand and document neighbor concerns.
  - Address those concerns while balancing the needs of the project.
  - Define City commitments for:
    - Design that responds to neighborhood concerns
    - Long-term operations
    - On-going communications
  - Define Neighborhood commitments for:
    - Permit support
    - On-going communications

Strategy:

The strategy is to bring interested Waluga Reservoir neighbors together into a several month dialogue with City staff about the project. The team will establish regular meetings with highly impacted neighbors and will attend Waluga and Lake Grove Neighborhood Association meetings to:

- build trust (by showing that project staff will work to address their needs)
- educate neighbors (about the project's needs and the costs and benefits of making different choices; about project schedule and required approvals)
- establish agreements (in the form of a Good Neighbor Agreement, to clarify how the project will move forward based on agreements between neighbors and the City)

The team should clearly communicate the following:

- the Technical Team will make a recommendation about the Waluga Reservoir to City Council in a CIP document drafted in late October
- How neighbor feedback can influence the recommendation
- the land use process and its anticipated schedule

Schedule:

	July	August	September	October	November	December

Lake Oswego · Tigard Water Partnership

sharing water · connecting communities

Introducing the Partnership

In August 2008, the cities of Lake Oswego and Tigard formally endorsed a partnership agreement for sharing drinking water resources and costs. Lake Oswego's water supply system is near capacity, and key facilities need expansion and upgrades. Tigard residents need a secure, dependable water source. Both cities want to keep water affordable for their customers and sharing the cost of new infrastructure to serve both communities does that.

Project Definition Underway

The partnership project will upgrade, upsize and expand six existing facilities. Engineers and experts from around the country are now engaged in planning for Lake Oswego's water future. They are identifying needed changes and creating draft plans for how to achieve them in a sustainable and fiscally responsible way. Now is the time to get involved so you can learn about what is being considered.

Water Treatment Decision

One of the first, most important decisions for the Lake Oswego Tigard Water Partnership is the decision about water treatment. Under the water partnership agreement, Lake Oswego's existing water treatment plant will be upgraded to serve both communities' needs into the future.

National and regional experts in water treatment and public health are teaming up with staff and citizens from Lake Oswego and Tigard to evaluate different treatment methods. A subcommittee of policymakers from Lake Oswego and Tigard will recommend the best treatment option to both City Councils for their consideration. Workshops are scheduled March-June, 2010, concluding with a treatment recommendation forwarded to both City Councils in July 2010. Visit our website for a full list of upcoming meeting and workshop dates, www.LoTigardWater.org.

Use Less, Save More

Help keep water in the Clackamas River!

Below-average stream flows are predicted for every river in Oregon this summer and Lake Oswego's drinking water source, the Clackamas River, is no exception. Considering Lake Oswego's drinking water system is already at capacity during the summer months, there is good reason for citizens to save every drop of water they can and save money doing it!

Taking advantage of all incentives and free water saving tools offered by the City of Lake Oswego could save customers 25% annually.

OUTDOOR SAVINGS

The best way to save money and water is to cut back on lawn watering. Lake Oswego customers typically use 40% more water on their lawns than is necessary. Lawns can stay green with only one inch of water per week. Find out more at lowaterconservation.com

Water Saving Tools

INDOOR SAVINGS

Faucet aerators: Save as much as 500 gallons per person per billing cycle or 3000 gallons per year. (Free)

High efficiency shower heads: Saves 650 gallons per person per billing cycle or 3900 gallons per year. (Free)

Shower timers: Take shorter showers and save 1500 gallons per person per billing cycle or 9000 gallons per year. (Free)

Leak detection tablets: Lets you know if you have wasteful toilet leaks (Free)

Pick up your water saving tools at:
Lake Oswego City Hall 3rd Floor
380 A Avenue
in Downtown Lake Oswego

OUTDOOR SAVINGS

Rain sensors: Prevent sprinkler systems from watering during or soon after a rain event. ($5.00)

Schedule a free water audit: Call 503-675-3747. Audits can save as much as 30% on summer water bills. More information: lowaterconservation.com

New!

The City has installed two weather stations that provide current rainfall, wind, barometric pressure, dew point, soil moisture levels, temperature and Evapo-transpiration information. This information helps you water your lawn only when soil and weather conditions show it is necessary, saving water and money! View the live weather data at ci.oswego.or.us/weather and visit lowaterconservation.com to find out how it works.

Irrigation rotating spray nozzle rebate: These nozzles save up to 20% on a summer water bill. Get a $2 refund on the purchase price (up to ten per account). Nozzles fit onto existing irrigation systems and are made by Rainbird, Toro and Hunter. Application and details available at lowaterconservation.com

Hose timers: An easy way to manage the amount of water used when watering with a hose. One per account please! (Free)

Hose nozzles: Adjustable "pistol grip" spray nozzles that automatically shut off when not being used. Great for car washing. One per account please! (Free)

June irrigation class: Learn how to read a water meter, calculate water needs, adjust irrigation controllers and repair sprinklers. Snacks/beverages provided along with surprise incentives.

Date and Time: Saturday, June 12, 9:00 a.m. to 1:00 p.m.
Location: Council Chambers at City Hall.

The class is free to Lake Oswego residents. Sign up at lowaterconservation.com

Multnomah Pressure Line Project
Noise Variance Application

Date: January 22, 2009
Contact: Stephen Sykes, 503-823-7898, stephen.sykes@bes.ci.portland.or.us

Project Description

The Bureau of Environmental Services is developing plans to replace the Multnomah segment of the Fanno Pressure Line in 2009. This project is part of a larger effort to replace the entire Fanno Pressure Line with metal pipe to meet future demands. The Multnomah Boulevard project area is located between SW 69th Avenue and SW 31st Avenue, (see map on reverse side). In order to have the least impact on traffic through this busy area, the project team proposes construction hours from 7:00 pm to 6:00 am. A noise variance is being sought to allow work during these hours.

Construction Methods

An Environmental Services contractor will use open cut trench excavation to replace the existing plastic pressure line with two metal pipes. This method involves cutting the asphalt, excavating the backfill material on top of and around the pipe, removing and replacing the pipe in the exposed trench, and backfilling the trench in preparation for paving. At times, construction will reduce traffic on SW Multnomah to one lane with flaggers controlling vehicle movement.

Construction is expected to occur roughly between August 2009 and September 2010. There will be no construction between December 2009 and February 2010.

Three Opportunities for Public Comment on the Noise Variance Application:

1. **Contact Environmental Services**
   Please call Stephen Sykes at 503-823-7898 or email stephen.sykes@bes.ci.portland.or.us and Stephen will provide your comments to the Noise Board.

2. **Contact the Noise Office**
   The City's Noise Office can record your comments and answer questions regarding the variance process. Call the Noise Office at 503-823-7350.

3. **Public Hearing**
   Attend the public hearing on Wednesday, February 11, 2009 at 6:00 pm at 1900 SW 4th Avenue, room 2500B. The project team will present their application for a noise variance at this hearing. There will be an opportunity for the public to comment on the proposed variance at this time.
