

JOIN US FOR A COMMUNITY OPEN HOUSE TO SHARE YOUR IDEAS ON THE FUTURE OF OUR CITY HALL AND LIBRARY!

ABOUT THE PROJECT

Tualatin City staff is located in seven buildings around town, and so are your services. Tualatin is studying these buildings to assess their current conditions, identify space needs for the next 20 years, and make sure City services are being provided in the most efficient way possible. The City Facilities Study is looking at places for City services, as well as assessing community gathering spaces. The City needs your input about space needs and ways to improve our public spaces.

The City will be sharing information about different alternatives for buildings and location and the costs of each at the Open House.

Can't make it to the open house, share your ideas at our online forum #TualatinTownHall www.tualatintownhall.com
