

## **DIY Sidewalk Chalk**

### **Items Needed:**

1 cup cornstarch

2 - 3 cups of warm water

Bowl

Stirring Spoon

Cupcake pan

Food Coloring

### **Instructions:**

- Pour one cup of cornstarch into the bowl
- Add 2 cups of warm water and stir until the mixture is well incorporated and has the consistency of acrylic paint. If it seems too thick at this point, keep adding water until it reaches the desired consistency.
- Scoop equal amounts into each cup of a cupcake pan
- Add food coloring to each cup to create the different colors you will be using and mix well
