

## Soap Dough

### Items Needed:

A bar of ivory soap

Microwave

Bowl

Food coloring (optional)

Measuring spoons

Warm water

Cookie cutters or simple molds

### Instructions:

- Put soap in microwave for two minutes
- Remove soap and place in bowl
- Add food coloring (if using) and knead
- Add warm water by the tablespoon until the desired consistency is achieved. Do this slowly to avoid foaming.
- Roll out dough and use cookie cutters to cut shapes or line a simple mold with parchment paper and fill
