Tualatin Parks Advisory Committee Meeting Minutes – November 19, 2019

Ross Hoover shared there has been follow up with Council and the City is now looking into a statistically valid poll to consider a bond or a levy. This process will provide voter information about the amount and projects types the public will support.

Beth Dittman shared that she will be working with the Intertwine Alliance to help with the public information process for the funding option Council selects, and she asked if others would like to participate. Beth also plans to reach out to other cities who have recently gone through this process like Lake Oswego, Metro and Happy Valley for additional information.

Brandon Gill reported on his interactions with Counselor Brooks regarding Bee City and inquired about the status. Ross Hoover reported on the status and Kyla Cesca shared the City website and resources for the public to access.

2. Veterans Memorial Planning Project & Feasibility Study

Ross Hoover shared that Shapiro/Didway will be working on this to create a conceptual report to determine what the memorial is and is not, as well as site locations. They will work with five separate focus groups, hold four advisory committee meetings, and three public meetings to obtain community input on this project. Ross requested a TPARK representative be part of the advisory committee and asked for volunteers. Anthony Warren volunteered, but will not be able to attend every meeting, and Brandon Gill offered to attend as well. Also, discussed was the joint TPARK and Art advisory committee meeting on December 10 to provide input on a Veterans Memorial.

3. Comprehensive Plan Text & Map Amendment (master plan adoption)

The group reviewed the noticed included in the packet and Kyla Cesca explained this is the next step of adding the adopted master plan into the Comprehensive City plan. There will be a public hearing and there have been concerns about incorporating the regional trail system. Christen Sacco plans to attend the meeting on November 25 to represent TPARK.

E. New Business

1. Committee Representation & Responsibility

Beth Dittman asked everyone what events members would like to attend to engage with the community about the parks. They would like more direction from Ross Hoover and Rich Mueller on what they can do to engage community members at events. They would also like to invite community partner representatives to future TPARK meetings.

2. Meeting Day & Time

Abbi Feltner-Smith can no longer attend meetings on Tuesdays. After information from Ross Hoover on changing the meeting day, Beth Dittman polled the group for an alternate meeting day. Wednesdays are the only other meeting option that works for the group and Beth Dittman will coordinate with Abbi to see if that works for her, but the group will continue to meet on Tuesdays through 2019. The committee would like to set up a remote access meeting system so those who cannot physically attend.

Tualatin Parks Advisory Committee
Tualatin, Oregon

Dear members of the Tualatin Parks Advisory Committee,

Thank you for taking the time to meet with us. We really value your input and were excited to hear about some of the attributes you would like to see in the Veterans Memorial Space. We hope that you or some representatives from the Tualatin Parks Advisory Council have considered joining our stakeholder group!

We have put together a summary of the key themes we found in our discussion with your group. We would value any further comments/clarifications you would like to provide. Feedback can be provided through the City of Tualatin website or by sending an email to Kyla Cesca at kcesca@tualatin.gov.

We are excited to be a part of this participatory engagement process and hope you join us in visualizing a space for your community. It would be very valuable to the process if you could nominate 2 people to participate in the Stakeholder Advisory Committee meetings which will be held on Thursday evenings (1/16, 2/13, 3/12 and 5/7). Please provide us with the names and contact information, so that we can reach out with more details. Another way you can engage in the project is to attend the Public Meetings (1/28, 2/20 and 4/2). We hope you will join us!

Sincerely,

The Shapiro Didway Team

VETERANS MEMORIAL

Focus Group Meeting

Project Purpose

We will engage with the community to identify themes, design principles and select a preferred site for the future design of a potential Veterans Memorial. The actualization of this project will also provide an opportunity to address each of the 7 core goals identified in the City of Tualatin’s Parks & Recreation Master Plan by providing accessible facilities, supporting public arts, increasing trail connectivity, promoting ecological function, activating an existing facility, developing Tualatin’s unique identity, and maintaining quality parks & programming.

Participatory Process

The community will be actively involved in a series of public engagement activities. This approach fosters collective creativity. It results in a project narrative that nobody could imagine alone. This narrative will be the thread that ties the history of the City and stories of its people to a meaningful and fitting memorial space that engages users and meets community needs.

Activities, discussion, visual displays, and other means will aid in gathering feedback from the public. Once major themes and design principles are clarified, these will be used to explore and rank the suitability of potential sites. A final report will document the participatory process, community feedback, and preferred site. This report will serve as a guide for future design efforts and funding opportunities for design and construction.

ATTITUDES TOWARD BOND

Now I am going to ask some questions about a parks improvement bond the City of Tualatin is considering placing on the ballot this year. The \$30 million, 20-year bond would fund city-wide improvements to Tualatin’s parks, playing fields, community trails, and river-access.

A “yes” vote would result in a property tax rate of 40¢ per thousand of assessed value, *not market value*. For property assessed at \$250,000, the cost would be \$100 per year.

If the bonds are approved, they will be payable from taxes on property ownership that are not subject to the limits of sections 11 and 11B in Article 11 of the Oregon Constitution.

[Only if respondent asks for meaning of the preceding sentence: What I can tell you is that the statement is required to appear on every bond measure placed on a ballot in Oregon, so that language would appear with the ballot description.]

5A. If the election were held today, would you vote “yes” for the City of Tualatin’s parks improvement bond or “no” against the bond? **RECORD ONE ONLY.**

- Yes, for the bond 1 **SKIP TO 5C**
- No, against the bond 2 **SKIP TO 6**

- Leaning toward yes 1
- Leaning toward no 2
- DO NOT READ:** Don’t know 9

GO TO Q6

5c. **IF YES IN 5A:** The bond measure would be on the ballot in May of 2020 at the earliest and other funding measures may be on the ballot. How strong is your support for the City of Tualatin’s parks improvement bond? Would you say you are *very* confident, *somewhat* confident, or *not* confident that you will vote for this bond? **RECORD ONE ONLY.**
