Project Advisory Committee Meeting # 2

Date: Tuesday, 9/12/17
Time: 6:30 - 8:30 pm
Location: Tualatin Public Library Community Room, 18878 SW Martinazzi Avenue

Agenda

6:30-6:35 pm  Welcome and Introductions

6:35-6:40 pm  Public Comment

6:40-6:55 pm  Project Announcements and PAC Business
               • Election of Chair and Vice Chair
               • Approval of Meeting Minutes
               • Public Outreach Opportunities

6:55-7:35 pm  Presentation: Existing Systems and Services Overview
               • Parks, Recreation Facilities, Programs
               • Q&A

7:35-7:45 pm  Community Needs Activity

7:45-8:20 pm  Discussion: Preliminary Needs Assessment Ideas
               • Parkland
               • Recreation facilities
               • Trails
               • Natural areas, wetlands, natural resources

8:20-8:30 pm  Close/Next Steps

Parks & Recreation Master Plan Update

Project Advisory Committee Officers

Committee Chair Nominations

Dear Tualatin Park Project Advisory Committee,

I like to express my interest in serving as the chair of the Tualatin Park Project Advisory Committee. As the vice-chair of Tualatin Parks Advisory Committee (TPark) for the last five years, updating the Master Plan has been the top of our priority list. My service on TPark has also given me an in-depth awareness of the specific Parks and Recreation needs in Tualatin. Having read the current Master Plan, I have a deep appreciation for the insightfulness that went into this document and our Committee’s obligation to put our best efforts into planning for the future parks and recreation needs for our city.

In addition to TPark, I recently spent five years as a board member, treasurer and race director for the Oregon Road Runners Club. There, I learned the effectiveness of allowing a group of individuals to express their varying opinions to ultimately find the best outcome for a single purpose.

Your consideration to allow me to serve as the chair of our committee is greatly appreciated!

Sincerely,

Valerie Pratt

Committee Vice-Chair Nominations
Welcome and Introductions
Rich Mueller welcomed and thanked the Committee and the public for attending the first meeting of the Project Advisory Committee Meeting. Rich then introduced Sherilyn Lombos, City of Tualatin City Manager. City Manager Lombos welcomed the group. She expressed her appreciation to committee members for taking time out of their schedules to volunteer on the committee for this important project. Sherilyn emphasized the importance for collaboration among all participants in the planning process in order to define a clear and reflective vision and purpose for the parks and recreation master plan.

Rich Mueller then introduced Cindy Mendoza, the project manager with the consultant group, MIG. Members of the Committee and staff went go around the room and provided a brief introduction on who they are and the organizations they are involved in or represent.

Public Comment
There were four members of the public present. Each represented a range of interests, including the older adult demographic, program or facility users and observers.

Project Overview & Planning Context
Cindy Mendoza presented a general overview of the planning process and the steps taken to reach a final plan. The primary purpose of each phase included, but is not limited to, understanding the current conditions of the parks and recreation facilities, programs and services, understanding the needs of the community and the opportunities to improve or enhance. The final master plan document will be an
accumulation of the facilities assessment and public input presented as goals and recommendations. A review of the funding sources available to support implementation will also be a part of the plan.

Cindy Mendoza distributed a document titled PAC Roles/Responsibilities and reviewed the role of the Project Advisory Committee and the meeting dates. The Community Engagement & Outreach Responsibilities document listing an extensive public involvement process was distributed and reviewed by Cindy Mendoza. Rich Mueller then asked committee members who wished to volunteer at a Pop Up Activity or Focus Group to sign up on a sheet sent around the room.

Cindy Mendoza presented a PowerPoint on the project planning context with an overview of Existing Systems and Services of Parks, Recreation Facilities and Programs. This presentation included a project overview, master plan process, planning process, project timeline, community outreach, city project groups, PAC role, planning context, location in region, demographics, population growth, population characteristics, population attributes, past planning efforts, comprehensive plan & code, 1983 parks master plan, protected areas, pedestrian/bike paths, trails planning, park site master plans, natural areas plan, greenway plans, maintenance/restoration plans, previous annual reports, community vision, city council 2030 vision, existing park/recreation system, and next steps.

The presentation and other documents can be found on the project page via the City of Tualatin’s website.

**Pop-Up Activity**
Following the presentation Cindy Mendoza explained the pop-up event and invited committee members and guests to participate in the activity. The results of which are below:

**How important are parks, recreation programs, events and trails to Tualatin’s quality of life?**
- Moderately important (2)
- Extremely important (13)

**What is the most important thing the City could do to improve Tualatin’s parks, recreation programs, facilities and trails system?**
- Provide more parks and sports fields (6)
- Protect or restore natural areas (2)
- Offer more or different recreation programs (5)
- Repair or replace worn or older park features (no responses recorded)
- Add a greater variety of recreation facilities in parks (8)
- Build more trails / connect the trail system (7)
- Build a multi-purpose recreation center (6)
- Remodel or refresh existing recreation buildings (1)
- Other: Open up river

**What activities would you like to see more of in Tualatin?**
- Walking/biking (8)
- Fitness, wellness and exercise (10)
- Indoor recreation programming (5)
- Large community events (2)
- River activities (3)
- Playing in interactive, unique play areas (4)
- Social gatherings (3)
Wildlife viewing and interpreting nature (3)
Making or admiring art (1)
Adventure/challenge activities (no responses recorded)
Sports (1)
Library programs and activities (2)
After school and summer camps (4)
Other: Water play, splash pads

How often do you visit or use the following areas in Tualatin?
Frequently: Small parks in my neighborhood (3)
Frequently: Large neighborhood parks (7)
Frequently: Community Parks (14)
Frequently: Tualatin Commons (8)
Frequently: Trails and Natural Areas (8)
Frequently: Tualatin Public Library (7)
Frequently: Juanita Pohl Center, Community Center or Heritage Center (7)
Sometimes: Small parks in my neighborhood (3)
Sometimes: Large neighborhood parks (3)
Sometimes: Community Parks (2)
Sometimes: Tualatin Commons (7)
Sometimes: Trails and Natural Areas (3)
Sometimes: Tualatin Public Library (3)
Sometimes: Juanita Pohl Center, Community Center or Heritage Center (3)
Rarely: Small parks in my neighborhood (3)
Rarely: Large neighborhood parks (1)
Rarely: Community Parks (no responses recorded)
Rarely: Tualatin Commons (no responses recorded)
Rarely: Trails and Natural Areas (no responses recorded)
Rarely: Tualatin Public Library (4)
Rarely: Juanita Pohl Center, Van Raden Community Center or Heritage Center (2)
Never: Small parks in my neighborhood (2)
Never: Large neighborhood parks (2)
Never: Community Parks (no responses recorded)
Never: Tualatin Commons (no responses recorded)
Never: Trails and Natural Areas (no responses recorded)
Never: Tualatin Public Library (no responses recorded)
Never: Juanita Pohl Center, Van Raden Community Center or Heritage Center (2)

Discussion: Parks, Recreation, Events, Arts, Greenways, Natural Areas
For the remainder of the time, Cindy Mendoza led the following discussion

What is working well?
- The community uses the parks and facilities
- Ties to cultural identity and uniqueness with interpretives and historic elements
- Parks and trails are green and attractive
- Parks and trails are well maintained
- Multiple opportunities to be active in parks involvement (plantings)
- Users feel safe
- There is a diversity of users
- Trails that promote walking and biking
• Park elements blend well with the surrounding area
• Clean, vibrant, open and big
• Fun activities
• Accessible and connected
• Parks are in proximity to the community
• City and parks department work well together
• City Council have historically been supportive of land acquisitions for parks and trails
• Accessibility of parks by bike
• Dog park
• The integration of man-made elements and water features
• Collaboration and coordination between volunteers and staff coordination for programs of all ages
• Collaboration and engagement with high school in natural significant environmental areas

What are the Opportunities?

Comprehensive Recreation Programming
• Connect kids with outdoor education using the high school students and wetlands project as an example
• Improve recreation programs and activities for people of all ages
• Partner with the schools to improve accessibility
• Have dedicated places for specific age groups and activities (for example: pickle ball courts and splash pads)
• Incorporate outdoor exercise equipment to encourage health and fitness in community – Possible public-private partnership service groups and businesses to lessen the financial burden on community
• Land acquisitions that will connect areas that are currently not connected to an existing trail or park
• Provide access to the river for all areas of the City, in particular the areas where there is not currently an existing connection to a trail

Multi-Purpose Indoor Recreation Facility
• Build an indoor multi-purpose recreation field and explore various designs and funding opportunities

Education and Information
• Education / informational signs for park users – signs to outline park etiquette, safety and dangers for all ages.
• Leverage different relationships and develop a communication/outreach tools for a strategy to get information out about Tualatin’s parks and programs
• Parks app for cell phone users

What needs more attention or improvements?

Accessibility & Connectivity
• Pedestrian facilities like sidewalks and bike lanes into the southwestern area of the City are not completed
• No connection and a lack of facilities from the Pony Ridge area to the other areas of the City
• Trails are not consistently accessible by wheel chair during all seasons
• Better removal of hazards
• Better accessibility to school fields
• Connecting Tualatin to other communities to the south (Canby, Wilsonville) – Define community assets
• More direct river access points and outlooks with interpretives

Dedicated Recreation Spaces
• More recreation spaces for sports to manage high competition for field rentals and maintenance schedules (turf fields, softball fields)
• Indoor recreation facilities with a multi-purpose designed

Communication
• Communications / marketing strategy, specifically targeted to parks and recreation that is consistent across the departments

Development & Design Standards
• Design standards for trails to consider bench standards, lighting, width of trails (high density versus low density), etc.
• Consider future accessibility standards (current standards versus what is actually being built)
• Standards for distance between park and residences
• Improve spacing of sidewalks for better access (improving in terms of access)

What challenges should this plan address?
• Comprehensively explore partnerships with private businesses and organizations for funding support
• Land Acquisitions of additional lands
• Build in flexibility to address the long term nature of the plan
• Regional change and growth rate of the City - take advantage of the benefits of the surroundings
• Prioritization
• Traffic safety
• Vision needs to be in-line with funding sources
• Both indoor and outdoor programs and activities for all demographics and ages
• Ensure entire population has walking access or biking to parks
• Connectivity and accessibility in a better way
• Management plan to balance residential uses and outside users
• Opportunities to learn about nutrition and food systems (positive and negative of choices regarding food)
• Learn from other communities through site visits

Close/Next Steps
Rich Mueller announced that the advisory committee will elect a Chair and Vice-chair the next meeting. Rich thanked members for attending and providing valuable input and ideas. The next PAC meeting will take place on September 12th at 6:30 pm at the Tualatin Public Library Community Room.

Land Classifications

- Parks
- Greenways
- Natural Areas
- School Joint-Use Facilities
- Shared Use Paths
• Parks are City-owned open space designed to support recreation. The City has 11 parks, ranging from .06 to 43.2 acres in size. The sites collectively provide indoor and outdoor recreation facilities and a variety of amenities to support park use.
• Parks can be classified by the roles they play or functions they provide:
  - CP: Community Parks (2)
  - LNP: Large Neighborhood Park (3)
  - SNP: Small Neighborhood Park (2)
  - SU: Special Use (3)
  - NP: Natural Park (1)
<table>

</tbody>
</table>
Greenways are protected open space and trail corridors maintained for conservation, recreation, and non-motorized transportation. They range from the 750-foot (0.4 acre) Helenius Greenway to the almost 4-mile (3.4 acre) Tualatin River Greenway.
Natural Areas

• Natural Areas are mostly undeveloped areas managed to protect natural resources. These ranging from the 0.3-acre Hervin Grove Natural Area to the 29-acre Hedges Creek Natural Area.
Through a joint use agreement, the City ensures public access to select school facilities, including the TuHS Sports Field and the TuHS–Byrom Elementary Cross Country Trail.
Designated easements allow public access to corridors that include (or are intended to include) shared use paths to support trail connectivity.

Examples include the Tualatin River Greenway Trail and Byrom Shared Use Paths.
• 133.6 acres of parks
  • 70.32 acres Community Parks, 48.94 acres Large NPs, 2.23 acres Small NPs, 5.82 acres Special Use Parks, and 6.55 acres Nature Parks)

• 115.8 acres of Greenways with 8.4 miles of trail

• 57.3 acres of Natural Areas

• 2 School Joint-Use Facilities

• 2 constructed Shared Use Paths, 7 others planned, partially acquired and/or constructed

- **Neutral:** 10%
- **Dissatisfied:** 0%
Program Service Areas

- **Preschool:** programs for kids under age 5
- **Youth/ Teen Development:** out-of-school programs and non-sports programs for children and youth age 5-18 (mostly older kids)
- **Older Adult/ Senior Programs:** All programs and activities targeting adults and seniors (mostly seniors)
- **Sports:** primarily non-competitive opportunities for younger children and older adults
• **Outdoor Recreation**: non-sports recreation programs offered outdoors
• **Nature Interpretation & Environmental Education**: opportunities to learn about the natural environment
• **Special Events**: festivals and activities offered around the city
• **The Arts**: activities or opportunities to experience displays of visual, fine and performing arts
Program Service Areas

• **History and Culture**: events and activities that highlight the heritage of Tualatin and the Pacific Northwest

• **Cultural Diversity**: events or activities that celebrate or promote other cultures

• **Library**: all library programs and activities
Core Programs

- Library programs
- Special events
- Youth and teen development
- Older adult/senior programs
• The City provides opportunities for all ages
• Youth and senior programs appear most prevalent
• There are some (but not a lot of) opportunities specifically for Hispanic/Latino residents
• People with special needs are integrated into existing programs
• There are many multi-generational events
Primary Locations

- Library
- Juanita Pohl Center
- Community Park, Brown’s Ferry and Tualatin Commons
- Sports wherever there are fields/gyms
- Some at Community Centers, Heritage Center
- Very little offered in neighborhood parks, greenways and natural areas
Systems & Services

- Parks and Open Space (Land)
- Recreation Facilities
- Programs and Events
- Park Maintenance, Condition and Access
Parks Maintenance Division is responsible for:

- The City's 306.6 acres of land in parks, greenways, natural areas.
- The public spaces and landscaping around public buildings, core area parking lots, and in rights-of-way.
- Vegetation management of 82 water quality facilities.
- Street tree plantings and sidewalk maintenance program.
- Reverse frontage landscape maintenance program.
• Park Tour: July 2014
  • What works well
  • What doesn’t work well
  • What is outstanding and unique
  • What is noteworthy
  • Park character and maintenance
• There is a strong emphasis on park character, sense of place and variety within the park system.

• There is strong interpretive theming throughout the system based on the region’s natural and cultural history.

• Parks are innovative and interesting.
• Parks are generally well-maintained and established.
• Maintenance needs will grow as facilities age and irrigation systems will need replacing.
• Some play areas could use updating.
Existing buildings, often designed for other purposes, limit programming and efficacy of that programming.
Tualatin has a wide variety of natural features in its park system – waterways, wetlands, etc.

These are all in need of targeted and on-going restoration efforts to stabilize banks, address water quality issues, remove invasive plants, enhance native plantings.
• Large portions of Tualatin’s parks consist of turf – some are used for sports fields and others are open play areas. The sports fields that were created with a sand-base have shown a clear return on investment.
City staff reviewed each park, greenway, natural area, shared use path (outside greenways, parks, and natural areas) and school joint-use facility.
• Criteria applied to assess good/fair/poor conditions
• City staff evaluated outdoor recreation facilities, athletic facilities, trails/natural features, amenities, specialized uses, and various additional considerations
• City staff also provided comments on planning, maintenance, and other notes for each facility
• Ibach and Jurgens Parks are in the best overall condition

• Most parks are generally in good condition with some areas in fair condition

• Most playgrounds in the system need some level of repair or replacement

• Most parks have some areas with drainage concerns and/or old irrigation systems that will need updating to increase efficacy and efficiency
All natural areas (whether within a park, greenway or designated natural area) need some combination of:

- Restoration
- native vegetation enhancement
- bank stabilization
- removal of invasive species
- arboriculture assessment and/or pruning

Volunteers assist in this work

Additional on-going management is needed
• Tualatin Commons, while generally in fair condition, needs improvements to furnishings, plumbing, fountain, subsurface tiles, and water quality that will be more expensive and complicated to address.

• Tualatin Community Park, given the intensity of its programming and use, has the largest number of components in fair condition with repairs or replacements needed.
• Many park buildings were residences and have been repurposed for offices and program space

• These buildings generally do not function well for the current use – restrooms are inadequate, room size and layout limit programs and impact staffing needs to provide required supervision, storage is insufficient, etc.

• The quaintness and sense of being at home is negated by the lack of functionality in the structure and their spatial layout
• Tualatin’s focus on accessibility is noticeable.

• The City’s system generally provides better access than comparable communities.
Opportunities for improvement:
- Wood fiber surfacing in play areas lacks stability when moved around by children – a better material is needed
- Sand areas need better maintenance to maintain accessibility in adjacent non-sand areas
- Synthetic safety/poured-in-place surfacing is old, worn out, and in need of replacement
- Ballfields are inconsistent with accessibility
- Tualatin Commons fountain surface is slippery
- Parkland
- Recreation facilities
- Trails
- Natural areas, wetlands, natural resources
Next Steps

- Community outreach and engagement
- Outreach findings summary
- Park and facility distribution analysis
- Preliminary needs
- Next Meeting: October 24
PARKS AND RECREATION MASTER PLAN
