PARKS AND RECREATION

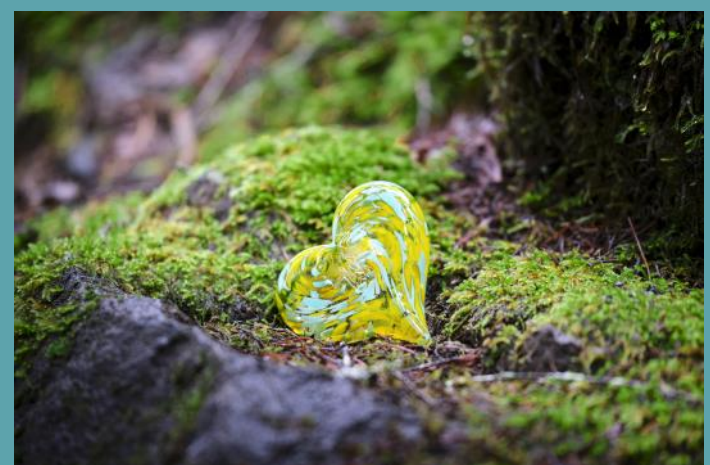

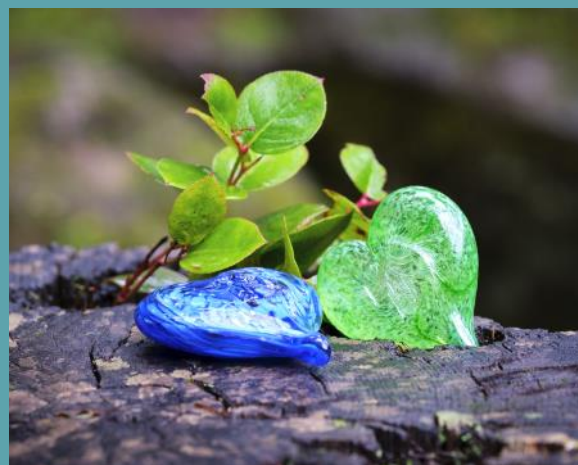

SPONSORSHIP OPPORTUNITIES

2025

The City of Tualatin's Share the Love event was created to encourage people to get outside and enjoy Tualatin's beautiful parks and trails during the month of February. Each February hand blown glass hearts are hidden throughout the City's parks and trails. The lucky finders can keep the heart as a reminder of the love we have for our city or share the love by hiding it again for another person to find.
