<i>As applicant, I certify that I agree to abide by the license provisions of TMC Chapter 6-15 for the duration of the license term.</i>		
Applicant's Signature:	Date:	

Every licensee must comply with the following conditions at all times:

1. The place where the domestic fowl are to be kept must be within a planning district that allows the keeping of domestic fowl as a use;
2. A combined maximum of four domestic fowl of any type are permitted on any one lot;
3. Roosters, geese, guinea fowl, peacocks, turkeys, emus, and ostriches are prohibited;
4. On site slaughtering or butchering of a domestic fowl is prohibited;
5. Domestic fowl must be confined at all times within a domestic fowl facility; unless the domestic fowl are roaming under the direct supervision of the licensee and within a fenced yard;
6. The domestic fowl facility must be located in the rear yard of a lot and be at least ten feet from all property lines and 25 feet from all abutting residences;
7. The domestic fowl facility must not exceed 200 square feet in floor space;
8. The domestic fowl facility must not exceed a height of eight feet measured from the tallest part of the roof surface to the ground;
9. The coop must have at least three enclosed sides. The fourth side may be open with the open side facing away from all neighboring property lines;
10. The domestic fowl facility must be maintained in good repair, in a clean and sanitary condition, and free of vermin, obnoxious smells, and substances that create a nuisance for adjoining property; and
11. Domestic fowl feed must be properly stored in metal or other vermin-proof containers.

Coop/Run Description

Please use the space below to draw or describe:

- The length, width, and height of the domestic fowl coop
- The distance between the domestic fowl facility and neighboring property lines and residences
