Dear Tabitha,

I received a postcard entitled "Notice of Application Submittal and Opportunity to Comment" regarding AR 19-002, TVF&R Logistics Service Center, 9991 SW Avery Street, Tualatin, tax lot 2S126BA00300. I would like to file this written comment that I am in favor of the use of the existing warehouse for TVF&R "fleet maintenance, interior offices, and storage." I am assuming that this will NOT be used as a actual firehouse from which firetrucks will be deployed to emergencies with their lights and sirens activated. If, in fact, the warehouse will be used as a firehouse, I can guarantee you that a class action lawsuit will be filed, particularly due to the proximity of this warehouse to Tualatin Elementary School.

Sincerely,

Dr. David H. Farrell
10064 SW Chickasaw Ct.
Tualatin, OR 97062

Dear Tabitha,

Thanks for adding my comment to the case record. Just to be clear, I wasn't actually threatening to bring a class action lawsuit; I was simply pointing out that this is a highly likely consequence if the warehouse site was used as a firehouse. I imagine the local residents, as well as the Tigard-Tualatin School District, would do everything in their legal power to prevent such a development.

Sincerely,

David Farrell
