The City of Tualatin and Development Planning Advisory Group invite you to an Open House to discuss allowed uses in Blocks 28 & 29 of the Central Urban Renewal District.

City staff has been collaborating with the Development Planning Advisory Group and property owners to broaden allowed uses and provide more flexibility in this part of

Tualatin. We have developed draft changes to the Tualatin Development Code that would accomplish this goal.

Please join us to discuss the changes and provide your input. If you have questions before the meeting, please contact Cindy Hahn, Associate Planner, at the number or email provided. Thank you for participating in this important project!
