WARNING DEVICE TO BE USED

REASON FOR PERMIT

Warning devices, such as cones or obvious markers, shall be the responsibility of the permit holder and shall be placed on or around the permitted object to warn the public of its location. The warning devices must remain in place continuously while the object remains on the street.

The placement of all objects shall be the responsibility of the permit holder. Please ensure the object is not within 50' (feet) of an intersection, within 10' (feet) of a fire hydrant, in a parking prohibited area, blocking access to mailboxes, sidewalks or utilities, and does not create a visual obstruction to traffic or pedestrians.

Placement safety inspections can be requested by calling the Tualatin Police Department at 503-691-4800 or police non-emergency at 503-629-0111.

The permit may be renewed for one additional 21-day period, upon the applicant showing a need for additional time.

21- DAY STORAGE ON THE STREET PERMIT

This permit must be conspicuously displayed on the permitted object for inspection. (TMC 8-1-260)
