Rise in Car Break-ins Near Bridgeport Village

On Friday, November 6, 2015 and Saturday, November 7, 2015, Tualatin Police responded to approximately six car break-ins in the area of Bridgeport Village.

Various items were taken from each vehicle. Officers believe these break-ins could be related to a series of similar incidents that took place in Tigard and Beaverton over the weekend. There are no known suspects at this time.

Tualatin Police encourage everyone to leave their car in show room condition and avoid leaving any valuables in plain view. It is best to lock all valuables in a trunk, where they are out of sight.

Police ask anyone with any information or anyone who sees suspicious behavior to call the non-emergency dispatch number, 503-629-0111.
