

# ***30 Days 30 Ways***

## **Family Emergency Preparedness**

### **Meet your Neighbors**

Following a disaster it is very likely that the first relief efforts will come in the form of neighbors helping neighbors. This proved to be true after the earthquakes in Christchurch, Kobe, the recent earthquakes in Chile and Hurricane Katrina.

If you need an excuse to meet your neighbors consider National Night Out which occurs the first Tuesday each August. Halloween is right around the corner - take the kids trick-or-treating and meet the neighbors!
